HB 3998

HOUSE COMMITTEE ON PUBLIC HEALTH

---

Hearing Date: April 28, 2021 8:00 AM

I support this bill. My husband died of COVID, out of state. No one was allowed in the facility, much less access to see him. My husband contracted COVID in a doctor's office, one with deep cleaning and all appropriate protocols. The tragedy of separation in my opinion outweighs any concerns about the contagious nature of the virus. Thank you for hearing this bill, and I urge you to report it favorably out of committee soon, and engage in all necessary efforts to get it through Calendars and for consideration by the full House of Representatives.
