City of Plano

Plano, TX

The City of Plano is in support of HB 4032. We believe this bill will bring greater transparency to government and will give cities needed access to the Comptroller's audit report and working papers. We believe that greater transparency in government establishes trust and accountability. HB 4032 would permit the Comptroller to release audit schedules and audit reports to cities, allowing us to review how tax refund determinations are made.

Thank you for your leadership and for taking into consideration the City of Plano's input.
