HB 4086

HOUSE COMMITTEE ON LICENSING & ADMINISTRATIVE PROCEDURES

---

Hearing Date: April 21, 2021 10:30 AM - or upon final adjourn./recess or bill referral if permission granted

---

Richard Davis

Lift Aids, Inc.

North Richland Hills, TX

HB-4086 is requiring State Licensing, Plan Reviews & Inspections of all residential elevators & lifts, including stairlifts. HB-4086 has many issues that can negatively effect my business.. The stairlift industry will be severely clogged up if HB-4086 passes. How can a stairlift customer wait for a State Plan Review & Inspection process when they often times need the lift installed immediately. Straight stairlifts don't even have plans. Many other reasons, too. The State approval process used to be a 3-4 weeks process and has now turned into a 12 plus weeks approval process.

Please call me ASAP 817-832-2686 to discuss this urgent issue. I live in Stephanie Klicks district and need your help.
