

SENATE AMENDMENTS

2nd Printing

By: Metcalf, Bonnen, Moody, Oliverson, Klick,
et al.

H.B. No. 2211

A BILL TO BE ENTITLED

1 AN ACT

2 relating to in-person visitation with hospital patients during
3 certain periods of disaster.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

5 SECTION 1. Subchapter A, Chapter 241, Health and Safety
6 Code, is amended by adding Section 241.012 to read as follows:

7 Sec. 241.012. IN-PERSON HOSPITAL VISITATION DURING PERIOD
8 OF DISASTER. (a) In this section:

9 (1) "Hospital" means a hospital licensed under this
10 chapter.

11 (2) "Qualifying official disaster order" means an
12 order, proclamation, or other instrument issued by the governor,
13 another official of this state, or the governing body or an official
14 of a political subdivision of this state declaring a disaster that
15 has infectious disease as the basis for the declared disaster.

16 (3) "Qualifying period of disaster" means the period
17 of time the area in which a hospital is located is declared to be a
18 disaster area by a qualifying official disaster order.

19 (4) "Religious counselor" means an individual acting
20 substantially in a pastoral or religious capacity to provide
21 spiritual counsel to other individuals.

22 (b) A hospital may not during a qualifying period of
23 disaster prohibit in-person visitation with a patient receiving
24 care or treatment at the hospital unless federal law or a federal

1 agency requires the hospital to prohibit in-person visitation
2 during that period.

3 (c) Notwithstanding Subsection (b), a hospital may during a
4 qualifying period of disaster:

5 (1) restrict the number of visitors a patient
6 receiving care or treatment at the hospital may receive to not fewer
7 than one;

8 (2) require a visitor to the hospital to:

9 (A) complete a health screening before entering
10 the hospital; and

11 (B) wear personal protective equipment at all
12 times while visiting a patient at the hospital; and

13 (3) deny entry to or remove from the hospital's
14 premises a visitor who fails or refuses to:

15 (A) submit to or meet the requirements of a
16 health screening administered by the hospital; or

17 (B) wear personal protective equipment that
18 meets the hospital's infection control and safety requirements in
19 the manner prescribed by the hospital.

20 (d) A health screening administered by a hospital under this
21 section must be conducted in a manner that, at a minimum, complies
22 with:

23 (1) hospital policy; and

24 (2) if applicable, guidance or directives issued by
25 the commission, the Centers for Medicare and Medicaid Services, or
26 another agency with regulatory authority over the hospital.

27 (e) Notwithstanding any other law, neither a hospital nor a

1 physician providing health care services on the hospital's premises
2 is subject to civil or criminal liability or an administrative
3 penalty if a visitor contracts an infectious disease while on the
4 hospital's premises during a qualifying period of disaster or, in
5 connection with a visit to the hospital, spreads an infectious
6 disease to any other individual, except where intentional
7 misconduct or gross negligence by the hospital or the physician is
8 shown. A physician who in good faith takes, or fails to take, an
9 action under this section is not subject to civil or criminal
10 liability or disciplinary action for the physician's action or
11 failure to act under this section.

12 (f) This section may not be construed as requiring a
13 hospital to:

14 (1) provide a specific type of personal protective
15 equipment to a visitor to the hospital; or

16 (2) allow in-person visitation with a patient
17 receiving care or treatment at the hospital if an attending
18 physician determines that in-person visitation with that patient
19 may lead to the transmission of an infectious agent that poses a
20 serious community health risk.

21 (g) A determination made by an attending physician under
22 Subsection (f)(2) is valid for not more than five days after the
23 date the determination is made unless renewed by an attending
24 physician.

25 (h) If a visitor to a hospital is denied in-person
26 visitation with a patient receiving care or treatment at a hospital
27 because of a determination made by an attending physician under

1 Subsection (f)(2), the hospital shall:

2 (1) provide each day a written or oral update of the
3 patient's condition to the visitor if the visitor:

4 (A) is authorized by the patient to receive
5 relevant health information regarding the patient;

6 (B) has authority to receive the patient's health
7 information under an advance directive or medical power of
8 attorney; or

9 (C) is otherwise the patient's surrogate
10 decision-maker regarding the patient's health care needs under
11 hospital policy and other applicable law; and

12 (2) notify the person who receives the daily update
13 required under Subdivision (1) of the estimated date and time at
14 which the patient will be discharged from the hospital.

15 (i) Notwithstanding any other provision of this section, a
16 hospital may not prohibit in-person visitation by a religious
17 counselor with a patient who is receiving care or treatment at the
18 hospital and who is seriously ill or dying for a reason other than
19 the religious counselor's failure to comply with a requirement
20 described by Subsection (c)(2).

21 (j) In the event of a conflict between this section and any
22 provision of a qualifying official disaster order, this section
23 prevails.

24 SECTION 2. This Act takes effect September 1, 2021.

C.S. H.B. No. 2211

A BILL TO BE ENTITLED

AN ACT

1
2 relating to in-person visitation with hospital patients during
3 certain periods of disaster.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

5 SECTION 1. Subchapter A, Chapter 241, Health and Safety
6 Code, is amended by adding Section 241.012 to read as follows:

7 Sec. 241.012. IN-PERSON HOSPITAL VISITATION DURING PERIOD
8 OF DISASTER. (a) In this section:

9 (1) "Hospital" means a hospital licensed under this
10 chapter.

11 (2) "Qualifying official disaster order" means an
12 order, proclamation, or other instrument issued by the governor,
13 another official of this state, or the governing body or an official
14 of a political subdivision of this state declaring a disaster that
15 has infectious disease as the basis for the declared disaster.

16 (3) "Qualifying period of disaster" means the period
17 of time the area in which a hospital is located is declared to be a
18 disaster area by a qualifying official disaster order.

19 (4) "Religious counselor" means an individual acting
20 substantially in a pastoral or religious capacity to provide
21 spiritual counsel to other individuals.

22 (b) A hospital may not during a qualifying period of
23 disaster prohibit in-person visitation with a patient receiving
24 care or treatment at the hospital unless federal law or a federal

1 agency requires the hospital to prohibit in-person visitation
2 during that period.

3 (c) Notwithstanding Subsection (b), a hospital may during a
4 qualifying period of disaster:

5 (1) restrict the number of visitors a patient
6 receiving care or treatment at the hospital may receive to not fewer
7 than one;

8 (2) require a visitor to the hospital to:

9 (A) complete a health screening before entering
10 the hospital; and

11 (B) wear personal protective equipment at all
12 times while visiting a patient at the hospital; and

13 (3) deny entry to or remove from the hospital's
14 premises a visitor who fails or refuses to:

15 (A) submit to or meet the requirements of a
16 health screening administered by the hospital; or

17 (B) wear personal protective equipment that
18 meets the hospital's infection control and safety requirements in
19 the manner prescribed by the hospital.

20 (d) A health screening administered by a hospital under this
21 section must be conducted in a manner that, at a minimum, complies
22 with:

23 (1) hospital policy; and

24 (2) if applicable, guidance or directives issued by
25 the commission, the Centers for Medicare and Medicaid Services, or
26 another agency with regulatory authority over the hospital.

27 (e) Notwithstanding any other law, neither a hospital nor a

1 physician providing health care services on the hospital's premises
2 is subject to civil or criminal liability or an administrative
3 penalty if a visitor contracts an infectious disease while on the
4 hospital's premises during a qualifying period of disaster or, in
5 connection with a visit to the hospital, spreads an infectious
6 disease to any other individual, except where intentional
7 misconduct or gross negligence by the hospital or the physician is
8 shown. A physician who in good faith takes, or fails to take, an
9 action under this section is not subject to civil or criminal
10 liability or disciplinary action for the physician's action or
11 failure to act under this section.

12 (f) This section may not be construed as requiring a
13 hospital to:

14 (1) provide a specific type of personal protective
15 equipment to a visitor to the hospital; or

16 (2) allow in-person visitation with a patient
17 receiving care or treatment at the hospital if an attending
18 physician determines that in-person visitation with that patient
19 may lead to the transmission of an infectious agent that poses a
20 serious community health risk.

21 (g) A determination made by an attending physician under
22 Subsection (f)(2) is valid for not more than five days after the
23 date the determination is made unless renewed by an attending
24 physician.

25 (h) If a visitor to a hospital is denied in-person
26 visitation with a patient receiving care or treatment at a hospital
27 because of a determination made by an attending physician under

1 Subsection (f)(2), the hospital shall:

2 (1) provide each day a written or oral update of the
3 patient's condition to the visitor if the visitor:

4 (A) is authorized by the patient to receive
5 relevant health information regarding the patient;

6 (B) has authority to receive the patient's health
7 information under an advance directive or medical power of
8 attorney; or

9 (C) is otherwise the patient's surrogate
10 decision-maker regarding the patient's health care needs under
11 hospital policy and other applicable law; and

12 (2) notify the person who receives the daily update
13 required under Subdivision (1) of the estimated date and time at
14 which the patient will be discharged from the hospital.

15 (i) Notwithstanding any other provision of this section, a
16 hospital may not prohibit in-person visitation by a religious
17 counselor with a patient who is receiving care or treatment at the
18 hospital and who is seriously ill or dying for a reason other than
19 the religious counselor's failure to comply with a requirement
20 described by Subsection (c)(2).

21 (j) In the event of a conflict between this section and any
22 provision of a qualifying official disaster order, this section
23 prevails.

24 (k) This section does not create a cause of action against a
25 hospital or physician.

26 SECTION 2. This Act takes effect September 1, 2021.

LEGISLATIVE BUDGET BOARD

Austin, Texas

FISCAL NOTE, 87TH LEGISLATIVE REGULAR SESSION

May 27, 2021

TO: Honorable Dade Phelan, Speaker of the House, House of Representatives

FROM: Jerry McGinty, Director, Legislative Budget Board

IN RE: HB2211 by Metcalf (Relating to in-person visitation with hospital patients during certain periods of disaster.), **As Passed 2nd House**

No significant fiscal implication to the State is anticipated.

The bill would amend the Health and Safety Code to prohibit hospitals from restricting patient visitation to fewer than one person during certain periods of disaster, unless federally required. The bill would not apply to state hospitals.

According to the Health and Human Services Commission, no significant fiscal impact to the state is anticipated.

According to the University of Texas System Administration and the Texas Tech University System Administration, no fiscal impact to their systems is anticipated.

Local Government Impact

No significant fiscal implication to units of local government is anticipated.
