3 (f) the author of a bill or resolution may request that the  
4 chief clerk append to an analysis prepared for purposes of this  
5 section include a statement written by the author that includes any  
6 additional information or corrections that the author considers  
7 appropriate. The chief clerk shall deliver a copy of the statement

11 House. If this author's statement corrects a mistake in the  
12 analysis that would have rendered the analysis misleading, no point  
13 of order that the analysis is misleading due to the corrected  
14 information shall be sustained.
