

Amend CSHB 1 as follows:

(1) On page VI-23 of the bill pattern for the Texas Commission on Environmental Quality, amend the following new rider:

21. Aggregate Operations. Amounts appropriated above in Strategy C.1.1, Field Inspections and Complaint Response, to the Commission on Environmental Quality shall be used to adopt and make accessible on the commission's Internet website best management practices for all aspects of aggregate production operations regarding nuisance issues relating to dust, noise, and light, as well as water use, water storage, and blasting to minimize disruption to surrounding areas, and to conduct aerial observations at least twice per fiscal year to ensure enforcement of existing statutes and rules relating to aggregate operations. It is the intent of the legislature that the Commission on Environmental Quality shall work cooperatively with other state agencies in the oversight of aggregate mining.
