

## **BILL ANALYSIS**

H.B. 713

Committee Report (Unamended)

### **BACKGROUND AND PURPOSE**

Currently, the comptroller of public accounts has 20 days after receiving a written justification from a state agency for a proprietary purchase to issue a solicitation of bids. Because of this short window, the comptroller is often unable to fully examine all facets of the requested purchase to ensure that taxpayer dollars are being wisely spent. H.B. 713 seeks to remove the 20-day deadline while also increasing efficiencies for other state agencies by allowing the agency head to delegate the responsibility to sign the purchase justification.

### **CRIMINAL JUSTICE IMPACT**

It is the committee's opinion that this bill does not expressly create a criminal offense, increase the punishment for an existing criminal offense or category of offenses, or change the eligibility of a person for community supervision, parole, or mandatory supervision.

### **RULEMAKING AUTHORITY**

It is the committee's opinion that this bill does not expressly grant any additional rulemaking authority to a state officer, department, agency, or institution.

### **ANALYSIS**

H.B. 713 amends the Government Code to remove the requirement for the comptroller of public accounts to issue an invitation to bid on a proprietary purchase not later than the 20th day after the date of receiving a state agency's written justification for the specification or conditions of the purchase. The bill requires the comptroller instead, on receipt of the written justification and any other documentation required by the comptroller and on approval of the purchase request, to proceed with the purchase for the requesting state agency or delegate to the agency the authority to purchase the product. The bill authorizes the head of the requesting agency or the presiding officer of the agency's governing body to designate another person to sign the written justification for the agency as an alternative to doing so themselves.

### **EFFECTIVE DATE**
