### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Following the 2022 Texas elections, activists, constituents, and local leaders have raised concerns about the discrepancy in the early voting hours between rural and urban counties across the state and advocated standardizing early voting hours statewide. Current Election Code establishes different rules for conducting early voting hours for rural and urban counties. In many instances, this inconsistent system results in rural areas giving voters less time to vote than if they lived in a metropolitan area. Moreover, the degree to which the rules can vary from county to county creates a complex system that changes the voting experience depending on where a voter lives to be uniform for both urban and rural counties.

H.B. 1217 seeks to standardize the hours for early voting across the state by making the hours for early voting more uniform across rural and urban counties. H.B. 1217 includes a statutory funding mechanism to ensure that counties can use Chapter 19 funds to assist in defraying the cost imposed by the law. For additional funding, Section 19.004(b) under the current Election Code allows the secretary of state (SOS) to disburse any additional financial support as necessary under Chapter 19 so long as they are statutorily authorized to do so. H.B. 1217 amends Section 19.004(a), Election Code, to allow SOS to disburse state funds allocated to SOS for the purpose of assisting counties in defraying cost related to early voting by personal appearance.

#### Key Provisions:

- Amends Chapter 85, Election Code—related to early voting by personal appearance—to strike provisions that create a different system for urban and rural counties. H.B. 1217 standardizes hours for early voting by personal appearance statewide, as those standards were adopted by S.B. 1 (87th Legislature, Second Called Session).
- Adds a funding mechanism for SOS to assist counties in administering elections under the standardized system implemented by H.B. 1217.

H.B. 1217 clarifies that early voting must be conducted for 12 consecutive hours each day and that funding applies only to those counties that have increased hours of early voting as a result of H.B. 1217.

H.B. 1217 amends current law relating to the administration of and procedures relating to early voting by personal appearance.
