AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Continuing development and growth in Waller County has created the need for permanent improvements such as water supply and distribution facilities, wastewater collection and treatment facilities, drainage and flood control projects, and road facilities. Pursuant to Article XVI, Section 59, and Article III, Section 52, of the Texas Constitution, and subject to the continuing supervisory jurisdiction of the Texas Commission on Environmental Quality, H.B. 5362 seeks to create a municipal utility district to be known as Waller County Municipal Utility District No. 57 (district) over an approximate 643-acre tract of land located within the extraterritorial jurisdiction of the City of Houston in Waller County, Texas.

Article XVI, Section 59, and Article III, Section 52, of the Texas Constitution provide for the creation of local governmental districts which are authorized to incur indebtedness to provide such permanent improvements and to levy taxes for the maintenance and operation of such improvements and for the repayment of such indebtedness. This legislation grants the district the power to undertake water, sanitary sewer, drainage, recreational, and road projects and provides for division of the district. The legislation authorizes the district, subject to certain requirements, to issue bonds and other obligations and impose property taxes. Once created, Waller County Municipal Utility District No. 57 will be authorized to divide into additional districts.

H.B. 5362 amends current law relating to the creation of the Waller County Municipal Utility District No. 57, grants a limited power of eminent domain, provides authority to issue bonds, and provides authority to impose assessments, fees, and taxes.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
