### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Because public universities are exempt from the sales tax, they do not charge it to their students for academic transcript transactions. By contrast, as non-governmental bodies private universities are required to collect sales taxes in the same situation.

S.B. 65 would exempt a transaction for an academic transcript at a private university from the sale tax. This change would ensure that students and graduates from all universities are treated equally when requesting their transcripts.

As proposed, S.B. 65 amends current law relating to excluding the furnishing of an academic transcript from the definition of "information service" for purposes of sales and use taxes.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
