### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Under current law school districts may excuse a maximum of two days of students' absences during junior or senior year of high school to visit colleges or universities they are interested in attending. As education evolves to meet the needs of the future, the acknowledgment of student paths that do not include attending college should be addressed as well. S.B. 68 would provide access to a broader range of career opportunities for students to explore by authorizing a district to adopt a similar attendance policy for students visiting a professional's workplace.

S.B. 68 amends current law relating to excused absences from public school for certain students to visit a professional's workplace for a career investigation day.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.

(1) the district is prohibited from excusing for this purpose more than two days during the student's junior year and two days during the student's senior year; and
