AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Currently, Texas education is facing a statewide teacher shortage that is negatively impacting student education. There is a crucial need for effective educators who are highly organized, disciplined, and know how to respond professionally under stress.

S.B. 588 would help alleviate the teacher shortage and support Texas schools by creating a temporary one-time issuance of an educator certification valid for five years for those who have served in the armed forces or as a first responder. These men and women who have served our country and communities are well prepared to thrive as an educator and positively impact students' lives.

S.B. 588 would require that once the certification is issued, the new educator would be assigned a mentor for their first year as a teacher and be required to achieve their teaching certificate by the end of the five-year issuance.

As proposed, S.B. 588 amends current law relating to creating a temporary educator certification for certain military service members and first responders.
