AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

S.B. 821 would require the Sunset Advisory Commission to evaluate whether a state agency sells personal data, to whom it is sold, the purpose for which it is sold, the dollar amount the agency receives for the sale, and the statute that authorizes the agency to sell the data. The Sunset Advisory Commission would then recommend prohibiting the practice unless the commission identifies a compelling state interest justifying the sale.

(Original Author's/Sponsor's Statement of Intent)

S.B. 821 amends current law relating to the review by the Sunset Advisory Commission of the sale of personal data by state agencies.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
