### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

In 2021 the legislature unanimously passed S.B. 41, which consolidated civil court filing fees and established a more streamlined system while remaining revenue neutral to the greatest extent possible. Some court fees, however, were missed inadvertently in S.B. 41.

S.B. 1612 is clean-up legislation for S.B. 41 (2021). Generally, it would specify when the court clerk should send the file for the proceeding to the appropriate court; establish a standard reduced cost per page for the clerk's preparation of a transfer record; outline the procedures for transferring the probate proceeding record from one county to another; require the transferring court's clerk to record and send all necessary documents electronically to the receiving court within 10 working days of the transfer; state that the sending county is responsible financially for any special treatment program or placement that the juvenile court of the sending county requires as a condition of probation if the child's family is financially unable to pay for it; increase the filing fees for various types of court motions; enact specific requirements for transferring a case from one court to another; and align cross-references in the Family Code with the Estates Code.

Accordingly, S.B. 1612 would ensure that the legislature's intent in S.B. 41 is fulfilled. What's more, it would reduce delays and costs associated with transferring cases, make the process more transparent, and provide all necessary documents are accurately and efficiently transferred between courts.

S.B. 1612 amends current law relating to court administration and costs, increases certain court costs, and authorizes fees.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
