### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Currently, local governments cannot change their May elections to the general election date in November.

Some local entities in Montague County have expressed interest in moving their local elections to the November general elections. Some local governments claim the move would boost voter interest in races that currently see turnout far lower than in March primaries and November general elections, while other local governments seek cost savings. While there is some cost-sharing with state and county governments for May elections, municipalities pay the lion's share of expenses that typically run into the tens of thousands of dollars.

Some towns have opposed moving their elections, but this bill would be permissive and allow local governments wishing to do so to move to November elections.

As proposed, S.B. 2620 amends current law relating to authorizing certain political subdivisions to change the date on which their general election for officers is held.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
