(1) the average number of students enrolled in the
school district during a school year [quotient of the sum of
attendance for each day of the minimum number of days of instruction
as described under Section 25.081(a) divided by the minimum number
of days of instruction;]
(2) for a district that operates under a flexible
year program under Section 29.0821, the quotient of the sum of
attendance for each actual day of instruction as permitted by
Section 29.0821(b)(1) divided by the number of actual days of
instruction as permitted by Section 29.0821(b)(1); or
(3) for a district that operates under a flexible
school day program under Section 29.0822, the average daily
attendance as calculated by the commissioner in accordance with
Sections 29.0822(d) and (d-1); or
(4) for a district that operates a half-day
program or a full-day program under Section 29.153(c), one-half of
the average enrollment [daily attendance] calculated under Subdivision (1).

(b) A school district that experiences a decline of two percent or more in average enrollment [daily attendance] shall be funded on the basis of:

(1) the actual average enrollment [daily attendance] of the preceding school year, if the decline is the result of the closing or reduction in personnel of a military base; or

(2) subject to Subsection (e), an average enrollment [daily attendance] not to exceed 98 percent of the actual average enrollment [daily attendance] of the preceding school year, if the decline is not the result of the closing or reduction in personnel of a military base.

(c) The commissioner shall adjust the average enrollment [daily attendance] of a school district that has a significant percentage of students who are migratory children as defined by 20 U.S.C. Section 6399.

(d) The commissioner may adjust the average enrollment [daily attendance] of a school district in which a disaster, flood, extreme weather condition, fuel curtailment, or other calamity has a significant effect on the district's enrollment [attendance]. In addition to providing the adjustment for the amount of instructional days during the semester in which the calamity first occurred, an adjustment under this section may only be provided based on a particular calamity for an additional amount of instructional days equivalent to one school year. The commissioner may divide the adjustment between two consecutive school years.
(e) For each school year, the commissioner shall adjust the average enrollment [daily attendance] of school districts that are entitled to funding on the basis of an adjusted average enrollment [daily attendance] under Subsection (b)(2) so that:

(1) all districts are funded on the basis of the same percentage of the preceding year's actual average enrollment [daily attendance]; and

(2) the total cost to the state does not exceed the amount specifically appropriated for that year for purposes of Subsection (b)(2).

(f) An open-enrollment charter school is not entitled to funding based on an adjustment under Subsection (b)(2).

(g) If a student may receive course credit toward the student's high school academic requirements and toward the student's higher education academic requirements for a single course, including a course provided under Section 28.009 by a public institution of higher education, the time during which the student attends the course shall be counted as part of the minimum number of instructional hours required for a student to be considered a full-time student in average enrollment [daily attendance] for purposes of this section.

[(g-1) The commissioner shall adopt rules to calculate average daily attendance for students participating in a blended learning program in which classroom instruction is supplemented with applied workforce learning opportunities, including participation of students in internships, externships, and apprenticeships.]
H.B. No. 348

(h) Time [subject to rules adopted by the commissioner under Section 48.007(b), time] that a student participates in an off-campus instructional program provided by an entity other than a school district or open-enrollment charter school and approved by the commissioner in accordance with commissioner rule [under Section 48.007(a)] shall be counted as part of the minimum number of instructional hours required for a student to be considered a full-time student in average enrollment [daily attendance] for purposes of this section.

(h-1) Subject to rules adopted by the commissioner under Section 48.007(b), time that a student participates in a course or program provided under Section 48.0071(b) shall be counted as part of the minimum number of instructional hours required for a student to be considered a full-time student in average daily attendance for purposes of this section. This subsection expires September 1, 2023.

(i) A district or a charter school operating under Chapter 12 that operates a prekindergarten program is eligible to receive one-half of average enrollment [daily attendance] under Subsection (a) if the district's or charter school's prekindergarten program provides at least 32,400 minutes of instructional time to students.

(j) A district or charter school is eligible to earn full average enrollment [daily attendance] under Subsection (a) if the district or school provides at least 43,200 minutes of instructional time to students enrolled in:

(1) a dropout recovery school or program operating under Section 12.1141(c) or Section 39.0548;

(1) all campuses of the charter school operating before January 1, 2015; and
(2) any campus or site expansion approved on or after January 1, 2015, provided that the charter school received an academic accountability performance rating of C or higher, and the campus or site expansion is approved by the commissioner.

(l) A school district campus or charter school described by Subsection (j) may operate more than one program and be eligible for full average enrollment [daily attendance] for each program if the programs operated by the district campus or charter school satisfy all applicable state and federal requirements.

(m) The commissioner shall adopt rules necessary to implement this section, including rules that:
(1) determine the method to calculate the average number of students enrolled in a school district during a school
(2) establish the minimum amount of instructional time per day that allows a school district or charter school to be eligible for full average enrollment [daily attendance], which may differ based on the instructional program offered by the district or charter school;

(2) had a number of unexcused absences that exceeds 10 percent of the number of instructional days in the preceding school year; or

(3) did not earn a grade of C or higher or the equivalent in each of the foundation curriculum courses taken virtually or remotely in the preceding school year.

(m-2) Subsection (m-1) and this subsection expire September 1, 2023.

(n) The rules adopted under Subsection (m)(1) must include a requirement that the agency use a school district's total enrollment on the first day of each semester for purposes of estimating the district's average enrollment for that school year.

(o) To assist school districts in implementing this section as amended by H.B. 2442, Acts of the 85th Legislature, Regular Session, 2017, the commissioner may waive a requirement of this section or adopt rules to implement this section.

Trustee districts must be drawn not later than the 90th day before the date of the first election of trustees from those districts.

SECTION 4. Sections 12.106(a), (a-2), and (d), Education Code, are amended to read as follows:

(b) For purposes of determining the average enrollment [daily attendance] of an adult education program operated under a charter granted under this subchapter, a student is considered to be in average enrollment [daily attendance, with a 100 percent attendance rate] for:

(1) all of the instructional days of the school year,
if the student is enrolled for at least 75 percent of the school year;

(2) half of the instructional days of the school year, if the student is enrolled for at least 50 percent but less than 75 percent of the school year;

(B) $5,000 property value per student in average
enrollment [daily attendance] as determined under Section 48.005; and

Sec. 25.038. TUITION FEE FOR TRANSFER STUDENTS. The receiving school district may charge a tuition fee to the extent that the district's actual expenditure per student in average enrollment [daily attendance], as determined by its board of trustees, exceeds the sum the district benefits from state aid sources as provided by Section 25.037. However, unless a tuition fee is prescribed and set out in a transfer agreement before its execution by the parties, an increase in tuition charge may not be made for the year of that transfer that exceeds the tuition charge, if any, of the preceding school year.

SECTION 11. Section 25.045(c), Education Code, is amended to read as follows:

Funding under this subsection shall be determined based on the number of instructional days in the school district calendar and a seven-hour school day, but attendance may be cumulated over a school year, including any summer or vacation session. The attendance of students who accumulate less than the number of attendance hours required under this subsection shall be proportionately reduced for funding purposes. The commissioner may:

(1) set maximum funding amounts for an individual course under this section; and

(2) limit funding for the attendance of a student described by Subsection (a)(3) in a course under this section to funding only for the attendance necessary for the student to earn class credit that, as a result of attendance requirements under Section 25.092, the student would not otherwise be able to receive without retaking the class.

SECTION 20. Section 29.184(b), Education Code, is amended to read as follows:

(b) A student who attends career and technology classes at another school under a contract authorized by Subsection (a) is included in the average enrollment [daily attendance] of the district in which the student is regularly enrolled.

9. grants that is at least one percent of the district's average
10. enrollment [daily attendance] for the preceding school year; and
11.   (2) provide services to each student until the student
12. either voluntarily decides to attend a school in a different

SECTION 22. Section 29.403(b), Education Code, is amended
15. to read as follows:

(b) A student who is enrolled in a program under this
17. subchapter is included in determining the average enrollment [daily
18. attendance] under Section 48.005 of the partnering school district.

where:

"FYA" is the guaranteed facilities yield amount of state funds allocated to the district for the year;

"FYL" is the dollar amount guaranteed level of state and local funds per student per cent of tax effort, which is $35 or a

for payment of eligible bonds by the quotient of the district's
taxable value of property as determined under Subchapter M, Chapter
403, Government Code, or, if applicable, Section 48.258, divided by
100; and

"DPV" is the district's taxable value of property as

SECTION 42. Section 46.032(a), Education Code, is amended to read as follows:

(a) Each school district is guaranteed a specified amount per student in state and local funds for each cent of tax effort to pay the principal of and interest on eligible bonds. The amount of state support, subject only to the maximum amount under Section 46.034, is determined by the formula:

\[ EDA = (EDGL \times \frac{AAP}{ADA} \times EDTR \times 100) - (EDTR \times \frac{DPV}{100}) \]

where:

"EDA" is the amount of state funds to be allocated to the district for assistance with existing debt;

"EDGL" is the dollar amount guaranteed level of state and local funds per student per cent of tax effort, which is the lesser of:

"AE" ["ADA"] is the number of students in average enrollment [daily attendance], as determined under Section 48.005, in the district;
"EDTR" is the existing debt tax rate of the district, which is determined by dividing the amount budgeted by the district for payment of eligible bonds by the quotient of the district's taxable value of property as determined under Subchapter M, Chapter 403, Government Code, or, if applicable, under Section 48.258, divided by 100; and

in the amount provided by appropriation for each student in average enrollment [daily attendance].

SECTION 56. Sections 48.152(d) and (e), Education Code, are
amended to read as follows:

(d) For the first school year in which students attend a new
instructional facility, a school district is entitled to an allotment of $1,000 for each student in average enrollment [daily attendance] at the facility. For the second school year in which students attend that instructional facility, a school district is entitled to an allotment of $1,000 for each additional student in average enrollment [daily attendance] at the facility.

(e) For purposes of this section, the number of additional students in average enrollment [daily attendance] at a facility is the difference between the number of students in average enrollment [daily attendance] in the current year at that facility and the number of students in average enrollment [daily attendance] at that facility in the preceding year.

SECTION 57. Section 48.153, Education Code, is amended to read as follows:

Sec. 48.153. DROPOUT RECOVERY SCHOOL AND RESIDENTIAL PLACEMENT FACILITY ALLOTMENT. A school district or open-enrollment charter school is entitled to $275 for each student in average enrollment [daily attendance] who:

(1) resides in a residential placement facility; or
(2) is at a district or school or a campus of the district or school that is designated as a dropout recovery school under Section 39.0548.

SECTION 58. Section 48.202(a), Education Code, is amended to read as follows:

(a) Each school district is guaranteed a specified amount per weighted student in state and local funds for each cent of tax effort over that required for the district's local fund assignment
up to the maximum level specified in this subchapter. The amount of
state support, subject only to the maximum amount under Section
48.203, is determined by the formula:

\[ \text{GYA} = (\text{GL} \times \text{WAE} \times \text{DTR} \times 100) - \text{LR} \]

where:

- "GYA" is the guaranteed yield amount of state funds to be
  allocated to the district;
- "GL" is the dollar amount guaranteed level of state and local
  funds per weighted student per cent of tax effort, which is an
  amount described by Subsection (a-1) or a greater amount for any
  year provided by appropriation;
- "WAE" ["WADA"] is the number of students in weighted average
  enrollment [daily attendance], which is calculated by dividing the
  sum of the school district's allotments under Subchapters B and C by
  the basic allotment for the applicable year;
- "DTR" is the district enrichment tax rate of the school
  district, which is determined by subtracting the amounts specified
  by Subsection (b) from the total amount of maintenance and
  operations taxes collected by the school district for the
  applicable school year and dividing the difference by the quotient
  of the district's taxable value of property as determined under
  Subchapter M, Chapter 403, Government Code, or, if applicable,
  under Section 48.258 or by the quotient of the value of "DPV" as
  determined under Section 48.256(d) if that subsection applies to
  the district, divided by 100; and
- "LR" is the local revenue, which is determined by multiplying
  "DTR" by the quotient of the district's taxable value of property as
determined under Subchapter M, Chapter 403, Government Code, or, if applicable, under Section 48.258 or by the quotient of the value of "DPV" as determined under Section 48.256(d) if that subsection applies to the district, divided by 100.

SECTION 59. Section 48.252(b), Education Code, is amended to read as follows:

(b) Notwithstanding any other provision of this chapter or Chapter 49, a school district subject to this section is entitled to receive for each student in average attendance at the campus or program described by Subsection (a) an amount equivalent to the difference, if the difference results in increased funding, between:

(1) the amount described by Section 12.106; and
(2) the amount to which the district would be entitled under this chapter.

SECTION 60. Section 48.2642(a), Education Code, is amended to read as follows:

(a) Notwithstanding any other provision of this chapter, the commissioner shall count toward a school district's or open-enrollment charter school's average attendance under Section 48.005 each student who graduates early from high school in the district or school under the Texas First Early High School Completion Program established under Section 28.0253 for the period in which the student is enrolled at an eligible institution using state credit awarded under the Texas First Scholarship Program established under Subchapter K-1, Chapter 56, based on a 100 percent attendance rate.
SECTION 61. Section 48.273(a)(4), Education Code, is amended to read as follows:

(4) "Wealth per student" means the taxable property values reported by the comptroller to the commissioner under Section 48.256 divided by the number of students in average enrollment [daily attendance].

SECTION 62. Section 48.277(a), Education Code, is amended to read as follows:

(a) A school district or open-enrollment charter school is entitled to receive an annual allotment for each student in average enrollment [daily attendance] in the amount equal to the difference, if the difference is greater than zero, that results from subtracting the total maintenance and operations revenue per student in average enrollment [daily attendance] for the current school year from the lesser of:

(1) 103 percent of the district's or school's total maintenance and operations revenue per student in average enrollment [daily attendance] for the 2019-2020 school year that the district or school would have received under former Chapters 41 and 42, as those chapters existed on January 1, 2019; or

(2) 128 percent of the statewide average amount of maintenance and operations revenue per student in average enrollment [daily attendance] that would have been provided for the 2019-2020 school year under former Chapters 41 and 42, as those chapters existed on January 1, 2019.

SECTION 63. Section 49.001(2), Education Code, is amended to read as follows:
(2) "Weighted average enrollment [daily attendance]"
has the meaning assigned by Section 48.202.

SECTION 64. Section 49.002, Education Code, is amended to
read as follows:

Sec. 49.002. OPTIONS TO REDUCE LOCAL REVENUE LEVEL. A
district with a local revenue level in excess of entitlement may
take any combination of the following actions to reduce the
district's revenue level:

(1) consolidation with another district as provided by
Subchapter B;
(2) detachment of territory as provided by Subchapter
C;
(3) purchase of average enrollment [daily attendance] credit as provided by Subchapter D;
(4) education of nonresident students as provided by
Subchapter E; or
(5) tax base consolidation with another district as
provided by Subchapter F.

SECTION 65. Section 49.003, Education Code, is amended to
read as follows:

Sec. 49.003. INCLUSION OF enrollment [attendance] CREDIT
AND NONRESIDENTS IN WEIGHTED AVERAGE enrollment [daily
ATTENDANCE]. In determining whether a school district has a local
revenue level in excess of entitlement, the commissioner shall use:

(1) the district's final weighted average enrollment [daily attendance]; and
(2) the amount of enrollment [attendance] credit a
district purchases under Subchapter D or the number of nonresident
students a district educates under Subchapter E for a school year.

SECTION 66. The heading to Subchapter D, Chapter 49, Education Code, is amended to read as follows:

SUBCHAPTER D. PURCHASE OF ENROLLMENT [ATTENDANCE] CREDIT

SECTION 67. Section 49.151, Education Code, is amended to read as follows:

Sec. 49.151. AGREEMENT. A school district with a local revenue level in excess of entitlement may execute an agreement with the commissioner to purchase enrollment [attendance] credit in an amount sufficient, in combination with any other actions taken under this chapter, to reduce the district's local revenue level to a level that is equal to or less than the level established under Section 48.257.

SECTION 68. Section 49.153(c), Education Code, is amended to read as follows:

(c) The cost of enrollment [attendance] credit for a school district is computed using the final tax collections of the district.

SECTION 69. Section 49.156(b), Education Code, is amended to read as follows:

(b) The ballot shall be printed to permit voting for or against the proposition: "Authorizing the board of trustees of School District to purchase enrollment [attendance] credit from the state with local tax revenues."

SECTION 70. Section 49.157, Education Code, is amended to read as follows:
Sec. 49.157. CREDIT FOR APPRAISAL COSTS. The total amount required under Section 49.153 for a district to purchase enrollment credit under this subchapter for any school year is reduced by an amount equal to the product of the district's total costs under Section 6.06, Tax Code, for the appraisal district or districts in which it participates multiplied by a percentage that is computed by dividing the total amount required under Section 49.153 by the total amount of taxes imposed in the district for that year less any amounts paid into a tax increment fund under Chapter 311, Tax Code.

SECTION 71. Section 49.158(a), Education Code, is amended to read as follows:

(a) Sections 49.154 and 49.157 apply only to a district that:

(1) executes an agreement to purchase enrollment credit necessary to reduce the district's local revenue level to the level established under Section 48.257;

(2) executes an agreement to purchase enrollment credit and an agreement under Subchapter E to contract for the education of nonresident students who transfer to and are educated in the district but who are not charged tuition; or

(3) executes an agreement under Subchapter E to contract for the education of nonresident students:

(A) to an extent that does not provide more than 10 percent of the reduction in local revenue required for the district to achieve a local revenue level that is equal to or less than the level established under Section 48.257; and
(B) under which all revenue paid by the district to other districts, in excess of the reduction in state aid that results from counting the weighted average enrollment [daily attendance] of the students served in the contracting district, is required to be used for funding a consortium of at least three districts in a county with a population of less than 40,000 that is formed to support a technology initiative.

SECTION 72. Section 49.201, Education Code, is amended to read as follows:

Sec. 49.201. AGREEMENT. The board of trustees of a district with a local revenue level in excess of entitlement may execute an agreement to educate the students of another district in a number that, when the weighted average enrollment [daily attendance] of the students served is added to the weighted average enrollment [daily attendance] of the contracting district, is sufficient, in combination with any other actions taken under this chapter, to reduce the district's local revenue level to a level that is equal to or less than the level established under Section 48.257. The agreement is not effective unless the commissioner certifies that the transfer of weighted average enrollment [daily attendance] will not result in any of the contracting districts' local revenue level being greater than the level established under Section 48.257 and that the agreement requires an expenditure per student in weighted average enrollment [daily attendance] that is at least equal to the amount per student in weighted average enrollment [daily attendance] required under Section 49.153.

SECTION 73. Section 49.203, Education Code, is amended to
read as follows:

Sec. 49.203. WEIGHTED AVERAGE ENROLLMENT [WADA] COUNT. For purposes of Chapter 48, students served under an agreement under this subchapter are counted only in the weighted average enrollment [daily attendance] of the district providing the services, except that students served under an agreement authorized by Section 49.205 are counted in a manner determined by the commissioner.

SECTION 74. Section 49.205(b), Education Code, is amended to read as follows:

(b) The agreement is not effective unless the commissioner certifies that:

(1) implementation of the agreement will not result in any of the affected districts' local revenue level being greater than the level established under Section 48.257; and

(2) the agreement requires the district with a local revenue level in excess of entitlement to make expenditures benefiting students from other districts in an amount at least equal to the amount that would be required for the district to purchase enrollment [attendance] credit under Subchapter D necessary, in combination with any other actions taken under this chapter other than an action under this section, to reduce the district's local revenue level to a level that is equal to or less than the level established under Section 48.257.

SECTION 75. Section 49.257(b), Education Code, is amended to read as follows:

(b) Each component district shall bear a share of the costs of assessing and collecting taxes in proportion to the component
district's share of weighted average enrollment [daily attendance] in the consolidated taxing district.

SECTION 76. Section 49.258, Education Code, is amended to read as follows:

Sec. 49.258. REVENUE DISTRIBUTION. The consolidated taxing district shall distribute maintenance tax revenue to the component districts on the basis of the number of students in weighted average enrollment [daily attendance] in the component districts.

SECTION 77. Sections 49.305(c) and (d), Education Code, are amended to read as follows:

(c) If the detachment of whole parcels or items of property as provided by Subsection (a) would result in a district's local revenue level that is less than the level established under Section 48.257 by more than the product of $10,000 multiplied by weighted average enrollment [daily attendance], the commissioner may not detach the last parcel or item of property and shall detach the next one or more parcels or items of property in descending order of taxable value that would result in the school district having a local revenue level that is equal to or less than the level established under Section 48.257 by not more than the product of $10,000 multiplied by weighted average enrollment [daily attendance].

(d) Notwithstanding Subsections (a), (b), and (c), the commissioner may detach only a portion of a parcel or item of property if:

(1) it is not possible under this subchapter to reduce the district's local revenue level to a level that is equal to or
less than the level established under Section 48.257 unless some or
all of the parcel or item of property is detached and the detachment
of the whole parcel or item would result in the district from which
it is detached having a local revenue level that is less than the
level established under Section 48.257 by more than the product of
$10,000 multiplied by weighted average enrollment [daily
attendance]; or
(2) the commissioner determines that a partial
detachment of that parcel or item of property is preferable to the
detachment of one or more other parcels or items having a lower
taxable value in order to minimize the number of parcels or items of
property to be detached consistent with the purposes of this
chapter.

SECTION 78. Section 49.306(i), Education Code, is amended
to read as follows:

(i) The commissioner may order the annexation of a portion
of a parcel or item of property, including a portion of property
treated as a whole parcel or item under Subsection (h), if:

(1) the annexation of the whole parcel or item would
result in the district eligible to receive it in the appropriate
priority order provided by this section having a local revenue
level greater than the amount by which the product of $10,000
multiplied by weighted average enrollment [daily attendance]
exceeds the taxable value of property necessary to generate
maintenance and operations tax revenue in the amount equal to the
district's entitlement under Section 48.202(a-1)(2); or

(2) the commissioner determines that annexation of
portions of the parcel or item would reduce disparities in district taxable values of property necessary to generate maintenance and operations tax revenue in the amount equal to a district's entitlement under Section 48.202(a-1)(2) more efficiently than would be possible if the parcel or item were annexed as a whole.

SECTION 79. Section 49.311, Education Code, is amended to read as follows:

Sec. 49.311. STUDENT ATTENDANCE. A student who is a resident of real property detached from a school district may choose to attend school in that district or in the district to which the property is annexed. For purposes of determining average enrollment [daily attendance] under Section 48.005, the student shall be counted in the district to which the property is annexed. If the student chooses to attend school in the district from which the property is detached, the state shall withhold any foundation school funds from the district to which the property is annexed and shall allocate to the district in which the student is attending school those funds and the amount of funds equal to the difference between the state funds the district is receiving for the student and the district's cost in educating the student.

SECTION 80. Section 49.354(e), Education Code, is amended to read as follows:

(e) A restored district's proportionate share of fund balances, personal property, or indebtedness is equal to the proportion that the number of students in average enrollment [daily attendance] in the restored district bears to the number of students in average enrollment [daily attendance] in the
consolidated district.

SECTION 81. Section 403.104(d), Government Code, is amended to read as follows:

(d) The proportionate share of an independent school district is determined by multiplying the total amount of the payment available for distribution to school districts by the ratio that the average number of [daily attendance for] students who reside in the county and are enrolled in [who attend] that school district bears to the average number of [daily attendance for] all students who reside in the county and are enrolled in [who attend] any independent school district. However, if there are fewer than 10 independent school districts located in whole or part in the county and if an independent school district would receive under this formula less than 10 percent of the total payment available for distribution to independent school districts, the school district's share shall be increased to 10 percent of the total payment and the shares of the school districts that would receive more than 10 percent under the formula shall be reduced proportionately, but not to an amount less than 10 percent of the total payment. [Each independent school district shall develop a reasonable method for determining the average daily attendance for students who reside in the county and who attend the school district.]

SECTION 82. Section 1371.001(4), Government Code, is amended to read as follows:

(I) a hospital district in a county that has a population of more than two million;

(J) a nonprofit corporation organized to exercise the powers of a higher education loan authority under Section 53B.47(e), Education Code;

(K) a county:

(ii) some amount of long-term indebtedness outstanding or proposed to be issued that is rated in one of the four highest rating categories for long-term debt instruments by a nationally recognized rating agency for municipal securities, without regard to the effect of any credit agreement or other form of credit enhancement entered into in connection with the obligation.

SECTION 83. Section 1431.001(3), Government Code, is amended to read as follows:

(3) "Eligible school district" means an independent school district that has an average enrollment [daily attendance] of 190,000 or more as determined under Section 48.005, Education Code.

SECTION 84. Section 325.011(a), Local Government Code, is amended to read as follows:

(a) The district is governed by a board of directors composed of five members, with two directors appointed by the commissioners court of the county, two directors appointed by the
governing body of the municipality having the largest population in
the county, and one director appointed by the governing body of the
school district with the largest number of students in average
enrollment [daily attendance] in the county. The board shall
manage the district and administer this chapter.

SECTION 85. Section 313.027(i), Tax Code, is amended to
read as follows:

(i) A person and the school district may not enter into an
agreement under which the person agrees to provide supplemental
payments to a school district or any other entity on behalf of a
school district in an amount that exceeds an amount equal to the
greater of $100 per student per year in average enrollment [daily
attendance], as defined by Section 48.005, Education Code, or
$50,000 per year, or for a period that exceeds the period beginning
with the period described by Section 313.021(4) and ending December
31 of the third tax year after the date the person's eligibility for
a limitation under this chapter expires. This limit does not apply
to amounts described by Subsection (f)(1) or (2).

SECTION 86. Section 1, Article 2688d, Vernon's Texas Civil
Statutes, is amended to read as follows:

Section 1. In all counties of the State where, according to
the preceding annual statistical report of the schools said county

attendance] in the one (1) district alone, and such district having
an assessed valuation of more than Twenty Million Dollars

the term of the incumbent county superintendent, as is now provided
