AN ACT
relating to certain contract provisions and conduct affecting
health care provider networks.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 1458.001, Insurance Code, is amended by
adding Subdivisions (1-a), (1-b), (4-a), (4-b), and (5-a) to read
as follows:

(1-a) "Anti-steering clause" means a provision in a
provider network contract that restricts the ability of a general
contracting entity to encourage an enrollee to obtain a health care
service from a competitor of the provider, including offering
incentives to encourage enrollees to use specific providers.

(1-b) "Anti-tiering clause" means a provision in a
provider network contract that:

(A) restricts the ability of a general
contracting entity to introduce or modify a tiered network plan or
assign providers into tiers; or

(B) requires a general contracting entity to
place all members of a provider in the same tier of a tiered network
plan.

(4-a) "Gag clause" means a provision in a provider
network contract that restricts the ability of a general
contracting entity or provider to disclose:

(A) price or quality information, including the
allowed amount, negotiated rates or discounts, fees for services, or other claim-related financial obligations included in the contract, to a governmental entity as authorized by law or its contractors or agents, an enrollee, a treating provider of an enrollee, a plan sponsor, or potential eligible enrollees and plan sponsors; or

(B) out-of-pocket costs to an enrollee.

(4-b) "General contracting entity" means a person who enters into a direct contract with a provider for the delivery of health care services to covered individuals regardless of whether the person, in the ordinary course of business, establishes a provider network for access by another party. The term does not include a health care provider or facility unless the provider or facility is entering into the contract in the provider's or facility's role as a health benefit plan.

(5-a) "Most favored nation clause" means a provision in a provider network contract that:

(A) prohibits or grants an option to prohibit:

(i) a provider from contracting with another general contracting entity to provide health care services at a lower rate; or

(ii) a general contracting entity from contracting with another provider to provide health care services at a higher rate;

(B) requires or grants an option to require:

(i) a provider to accept a lower rate for health care services if the provider agrees with another general...
contracting entity to accept a lower rate for the services; or
   (ii) a general contracting entity to pay a
higher rate for health care services if the entity agrees with
another provider to pay a higher rate for the services;

(C) requires or grants an option to require
termination or renegotiation of an existing provider network
contract if:
   (i) a provider agrees with another general
contracting entity to accept a lower rate for providing health care
services; or
   (ii) a general contracting entity agrees
with a provider to pay a higher rate for health care services; or

(D) requires:
   (i) a provider to disclose the provider's
contractual reimbursement rates with other general contracting
entities; or
   (ii) a general contracting entity to
disclose the general contracting entity's contractual
reimbursement rates with other providers.

SECTION 2. Section 1458.101, Insurance Code, is amended by
adding Subsections (g), (h), and (i) to read as follows:

(g) A provider may not:
   (1) offer to a general contracting entity a written
provider network contract that includes an anti-steering,
anti-tiering, gag, or most favored nation clause;
   (2) enter into a provider network contract that
includes an anti-steering, anti-tiering, gag, or most favored
nation clause; or

(3) amend or renew an existing provider network contract previously entered into with a general contracting entity so that the contract as amended or renewed adds or retains an anti-steering, anti-tiering, gag, or most favored nation clause.

(h) Any provision in a provider network contract that is an anti-steering, anti-tiering, gag, or most favored nation clause is void and unenforceable. The remaining provisions in the provider network contract remain in effect and are enforceable.

(i) A health benefit plan issuer that encourages an enrollee to obtain a health care service from a particular provider, including offering incentives to encourage enrollees to use specific providers, or that introduces or modifies a tiered network plan or assigns providers into tiers has a fiduciary duty to the enrollee or policyholder to engage in that conduct only for the primary benefit of the enrollee or policyholder.

SECTION 3. Notwithstanding Section 1458.101, Insurance Code, as amended by this Act, an anti-steering or anti-tiering provision in a provider network contract that exists on the effective date of this Act and that would otherwise be prohibited by the provisions of this Act remains in effect and enforceable until the earlier of:

(1) the effective date of an amendment to the provider network contract that eliminates the anti-steering or anti-tiering provision from the provider network contract and that is entered into in accordance with the provider network contract's terms; or

(2) December 31, 2023.
H.B. No. 711

SECTION 4. This Act takes effect immediately if it receives a vote of two-thirds of all the members elected to each house, as provided by Section 39, Article III, Texas Constitution. If this Act does not receive the vote necessary for immediate effect, this Act takes effect September 1, 2023.
