H.B. No. 2494

A BILL TO BE ENTITLED

AN ACT

relating to information security officers and network threat
detection and response for state agencies.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 2054.133(b), Government Code, is amended
to read as follows:

(b) In developing the plan, the state agency shall:

(1) consider any vulnerability report prepared under
Section 2054.077 for the agency;

(2) incorporate the network security services
provided by the department to the agency under Chapter 2059;

(3) identify and define the responsibilities of agency
staff who produce, access, use, or serve as custodians of the
agency's information;

(4) identify risk management and other measures taken
to protect the agency's information from unauthorized access,
disclosure, modification, or destruction;

(5) include:

(A) the best practices for information security
developed by the department; or

(B) a written explanation of why the best
practices are not sufficient for the agency's security; ~~and~~

(6) omit from any written copies of the plan
information that could expose vulnerabilities in the agency's

1 network or online systems; and

2 (7) consider whether network threat detection and
3 response solutions, that permit anonymized security reports to be
4 shared among participating entities in as close to real time as
5 possible, would enhance the plan and include those solutions as
6 part of the plan as the agency determines appropriate.

7 SECTION 2. Section 2054.136, Government Code, is amended to
8 read as follows:

9 Sec. 2054.136. DESIGNATED INFORMATION SECURITY OFFICER.
10 Each state agency shall designate an information security officer
11 who:

12 (1) acts independently of the agency in the
13 performance of the officer's duties under this chapter and reports
14 to the department on information security issues and to the
15 agency's executive-level management on other issues;

16 (2) has authority over information security for the
17 entire agency;

18 (3) possesses the training and experience required to
19 perform the duties required by department rules; and

20 (4) to the extent feasible, has information security
21 duties as the officer's primary duties.

22 SECTION 3. Sections 2054.512(d) and (e), Government Code,
23 are amended to read as follows:

24 (d) The cybersecurity council shall:

25 (1) consider the costs and benefits of establishing a
26 computer emergency readiness team to address cyber attacks
27 occurring in this state during routine and emergency situations;

1 (2) establish criteria and priorities for addressing
2 cybersecurity threats to critical state installations;

3 (3) consolidate and synthesize best practices to
4 assist state agencies in understanding and implementing
5 cybersecurity measures, including network threat detection and
6 response solutions, that are most beneficial to this state; and

7 (4) assess the knowledge, skills, and capabilities of
8 the existing information technology and cybersecurity workforce to
9 mitigate and respond to cyber threats and develop recommendations
10 for addressing immediate workforce deficiencies and ensuring a
11 long-term pool of qualified applicants.

12 (e) The cybersecurity council shall provide recommendations
13 to the legislature on any legislation necessary to implement
14 cybersecurity best practices and remediation strategies for this
15 state, including network threat detection and response solutions.

16 SECTION 4. Section [2054.518](#)(a), Government Code, is amended
17 to read as follows:

18 (a) The department shall develop a plan to address
19 cybersecurity risks and incidents in this state. The department
20 may enter into an agreement with a national organization, including
21 the National Cybersecurity Preparedness Consortium, to support the
22 department's efforts in implementing the components of the plan for
23 which the department lacks resources to address internally. The
24 agreement may include provisions for:

25 (1) providing technical assistance services to
26 support preparedness for and response to cybersecurity risks and
27 incidents;

1 (2) conducting cybersecurity simulation exercises for
2 state agencies to encourage coordination in defending against and
3 responding to cybersecurity risks and incidents;

4 (3) assisting state agencies in developing
5 cybersecurity information-sharing programs to disseminate
6 information related to cybersecurity risks and incidents; ~~and~~

7 (4) incorporating cybersecurity risk and incident
8 prevention and response methods into existing state emergency
9 plans, including continuity of operation plans and incident
10 response plans; and

11 (5) incorporating network threat detection and
12 response solutions into state agency cybersecurity plans, that
13 permit anonymized security reports to be shared among participating
14 entities in as close to real time as possible, to assist state
15 agencies with monitoring agency networks for security threats and
16 responding to detected security threats.

17 SECTION 5. This Act takes effect September 1, 2023.
