

AN ACT

relating to network adequacy standards and other requirements for preferred provider benefit plans.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 1301.001, Insurance Code, is amended by adding Subdivision (6-a) to read as follows:

(6-a) "Post-emergency stabilization care" means health care services that are furnished by an out-of-network provider, including an out-of-network hospital, freestanding emergency medical care facility, or comparable emergency facility, regardless of the department of the facility in which the services are furnished, after an insured is stabilized and as part of outpatient observation or an inpatient or outpatient stay with respect to the visit in which the emergency care, as defined by Section 1301.155, is furnished.

SECTION 2. The heading to Section 1301.005, Insurance Code, is amended to read as follows:

Sec. 1301.005. AVAILABILITY OF PREFERRED PROVIDERS; SERVICE AREA LIMITATIONS.

SECTION 3. Section 1301.005, Insurance Code, is amended by amending Subsection (a) and adding Subsection (d) to read as follows:

(a) An insurer offering a preferred provider benefit plan shall ensure that both preferred provider benefits and basic level

1 benefits, including benefits for emergency care, as defined by
2 Section 1301.155, and post-emergency stabilization care, are
3 reasonably available to all insureds within a designated service
4 area. This subsection does not apply to an exclusive provider
5 benefit plan.

6 (d) A service area, other than a statewide service area, may
7 include noncontiguous geographic areas but may not divide a county.

8 SECTION 4. Section 1301.0053, Insurance Code, is amended by
9 amending Subsections (a) and (b) and adding Subsections (d) and (e)
10 to read as follows:

11 (a) If an out-of-network provider provides emergency care
12 as defined by Section 1301.155 or post-emergency stabilization care
13 to an enrollee in an exclusive provider benefit plan, the issuer of
14 the plan shall reimburse the out-of-network provider at the usual
15 and customary rate or at a rate agreed to by the issuer and the
16 out-of-network provider for the provision of the services and any
17 supply related to those services. The insurer shall make a payment
18 required by this subsection directly to the provider not later
19 than, as applicable:

20 (1) the 30th day after the date the insurer receives an
21 electronic clean claim as defined by Section 1301.101 for those
22 services that includes all information necessary for the insurer to
23 pay the claim; or

24 (2) the 45th day after the date the insurer receives a
25 nonelectronic clean claim as defined by Section 1301.101 for those
26 services that includes all information necessary for the insurer to
27 pay the claim.

1 (b) For emergency care or post-emergency stabilization care
2 subject to this section or a supply related to that care, an
3 out-of-network provider or a person asserting a claim as an agent or
4 assignee of the provider may not bill an insured in, and the insured
5 does not have financial responsibility for, an amount greater than
6 an applicable copayment, coinsurance, and deductible under the
7 insured's exclusive provider benefit plan that:

8 (1) is based on:

9 (A) the amount initially determined payable by
10 the insurer; or

11 (B) if applicable, a modified amount as
12 determined under the insurer's internal appeal process; and

13 (2) is not based on any additional amount determined
14 to be owed to the provider under Chapter 1467.

15 (d) Post-emergency stabilization care that is subject to
16 this section and a supply related to that care are subject to
17 Chapter 1467 in the same manner as if the care and supply are
18 emergency care, as defined by Section 1301.155.

19 (e) This section does not apply to claims for post-emergency
20 stabilization care if all of the conditions described by 42 U.S.C.
21 Section 300gg-111(a)(3)(C)(ii)(II) are met.

22 SECTION 5. Section 1301.0055, Insurance Code, is amended to
23 read as follows:

24 Sec. 1301.0055. NETWORK ADEQUACY STANDARDS. (a) The
25 commissioner shall by rule adopt network adequacy standards that:

26 (1) require an insurer offering a preferred provider
27 benefit plan to:

1 (A) monitor compliance with network adequacy
2 standards, including provisions of this chapter relating to network
3 adequacy, on an ongoing basis, reporting any material deviation
4 from network adequacy standards to the department within 30 days of
5 the date the material deviation occurred; and

6 (B) promptly take any corrective action required
7 to ensure that the network is compliant not later than the 90th day
8 after the date the material deviation occurred unless:

9 (i) there are no uncontracted licensed
10 physicians or health care providers in the affected county; or

11 (ii) the insurer requests a waiver under
12 this subsection [~~are adapted to local markets in which an insurer~~
13 ~~offering a preferred provider benefit plan operates~~];

14 (2) ensure availability of, and accessibility to, a
15 full range of contracted physicians and health care providers to
16 provide current and projected utilization of health care services
17 for adult and minor [~~to~~] insureds; [~~and~~]

18 (3) [~~on good cause shown,~~] may allow a waiver for a
19 departure from [~~local market~~] network adequacy standards for a
20 period not to exceed one year if the commissioner determines after
21 receiving public testimony at a public hearing under Section
22 1301.00565 that good cause is shown and posts on the department's
23 Internet website the name of the preferred provider benefit plan,
24 the insurer offering the plan, each affected county, the specific
25 network adequacy standards waived, and the insurer's access plan;

26 (4) require disclosure by the insurer of the
27 information described by Subdivision (3) in all promotion and

1 advertisement of the preferred provider benefit plan for which a
2 waiver is allowed under that subdivision;

3 (5) except as provided by Subdivision (6), limit a
4 waiver from being issued to a preferred provider benefit plan:

5 (A) more than twice consecutively for the same
6 network adequacy standard in the same county unless the insurer
7 demonstrates, in addition to the good cause described by
8 Subdivision (3), multiple good faith attempts to bring the plan
9 into compliance with the network adequacy standard during each of
10 the prior consecutive waiver periods; or

11 (B) more than a total of four times within a
12 21-year period for each county in a service area for issues that may
13 be remedied through good faith efforts; and

14 (6) authorize the commissioner to issue a waiver that
15 would otherwise be unavailable under Subdivision (5) if the waiver
16 request demonstrates, and the department confirms annually, that
17 there are no uncontracted physicians or health care providers in
18 the area to meet the specific standard for a county in a service
19 area [and the affected local market].

20 (b) The standards described by Subsection (a)(2) must
21 include factors regarding time, distance, and appointment
22 availability. The factors must:

23 (1) require that all insureds are able to receive an
24 appointment with a preferred provider within the maximum travel
25 times and distances established under Sections 1301.00553 and
26 1301.00554;

27 (2) require that all insureds are able to receive an

1 appointment with a preferred provider within the maximum
2 appointment wait times established under Section 1301.00555;

3 (3) require a preferred provider benefit plan to
4 ensure sufficient choice, access, and quality of physicians and
5 health care providers, in number, size, and geographic
6 distribution, to be capable of providing the health care services
7 covered by the plan from preferred providers to all insureds within
8 the insurer's designated service area, taking into account the
9 insureds' characteristics, medical conditions, and health care
10 needs, including:

11 (A) the current utilization of covered health
12 care services within the counties of the service area; and

13 (B) an actuarial projection of utilization of
14 covered health care services, physicians, and health care providers
15 needed within the counties of the service area to meet the needs of
16 the number of projected insureds;

17 (4) require a sufficient number of preferred providers
18 of emergency medicine, anesthesiology, pathology, radiology,
19 neonatology, oncology, including medical, surgical, and radiation
20 oncology, surgery, and hospitalist, intensivist, and diagnostic
21 services, including radiology and laboratory services, at each
22 preferred hospital, ambulatory surgical center, or freestanding
23 emergency medical care facility that credentials the particular
24 specialty to ensure all insureds are able to receive covered
25 benefits, including access to clinical trials covered by the health
26 benefit plan, at that preferred location;

27 (5) require that all insureds have the ability to

1 access a preferred institutional provider listed in Section
2 1301.00553 within the maximum travel times and distances
3 established under Section 1301.00553 for the corresponding county
4 classification;

5 (6) require that insureds have the option of
6 facilities, if available, of pediatric, for-profit, nonprofit, and
7 tax-supported institutions, with special consideration to
8 contracting with:

9 (A) teaching hospitals that provide indigent
10 care or care for uninsured individuals as a significant percentage
11 of their overall patient load; and

12 (B) teaching facilities that specialize in
13 providing care for rare and complex medical conditions and
14 conducting clinical trials;

15 (7) require that there is an adequate number of
16 preferred provider physicians who have admitting privileges at one
17 or more preferred provider hospitals located within the insurer's
18 designated service area to make any necessary hospital admissions;

19 (8) provide for necessary hospital services by
20 requiring contracting with general, pediatric, specialty, and
21 psychiatric hospitals on a preferred benefit basis within the
22 insurer's designated service area, as applicable;

23 (9) ensure that emergency care, as defined by Section
24 1301.155, is available and accessible 24 hours a day, seven days a
25 week, by preferred providers;

26 (10) ensure that covered urgent care is available and
27 accessible from preferred providers within the insurer's

1 designated service area within 24 hours for medical and behavioral
2 health conditions;

3 (11) require an adequate number of preferred providers
4 to be available and accessible to insureds 24 hours a day, seven
5 days a week, within the insurer's designated service area; and

6 (12) require sufficient numbers and classes of
7 preferred providers to ensure choice, access, and quality of care
8 across the insurer's designated service area.

9 (c) Subsection (b)(6) does not apply to an exclusive
10 provider benefit plan if the plan has:

11 (1) contracted with preferred provider hospitals in
12 sufficient number capable of meeting the covered inpatient and
13 outpatient health care benefits for current and actuarially
14 projected utilization in accordance with Subsection (b)(3); or

15 (2) received a waiver under Subsection (a).

16 SECTION 6. Subchapter A, Chapter 1301, Insurance Code, is
17 amended by adding Sections 1301.00553, 1301.00554, and 1301.00555
18 to read as follows:

19 Sec. 1301.00553. MAXIMUM TRAVEL TIME AND DISTANCE STANDARDS
20 BY PREFERRED PROVIDER TYPE. (a) In this section, "maximum
21 distance" means the miles calculated to drive by automobile within
22 a service area to a particular type of preferred provider.

23 (b) For purposes of this section, each county in this state
24 is classified as a large metro, metro, micro, or rural county, or a
25 county with extreme access considerations as determined by the
26 federal Centers for Medicare and Medicaid Services by population
27 and density thresholds as of March 1, 2023.

1 (c) Maximum travel time in minutes and maximum distance in
 2 miles for preferred provider benefit plans by preferred provider
 3 type for each large metro county are:

4 (1) for the following physicians, as designated by
 5 physician specialty:

25 Sec. 1301.00554. OTHER MAXIMUM DISTANCE STANDARD
 26 REQUIREMENTS; COMMISSIONER AUTHORITY. (a) In this section,
 27 "maximum distance" has the meaning assigned by Section 1301.00553.

1 (b) For a physician specialty not specifically listed in
2 Section 1301.00553, the maximum distance, in any county
3 classification, is 75 miles.

4 (c) When necessary due to utilization or supply patterns,
5 the commissioner by rule may decrease the base maximum travel time
6 and distance standards listed in this section or Section 1301.00553
7 for specific counties.

8 Sec. 1301.00555. MAXIMUM APPOINTMENT WAIT TIME STANDARDS.

9 An insurer must ensure that:

10 (1) routine care is available and accessible from
11 preferred providers:

12 (A) within three weeks for medical conditions;
13 and

14 (B) within two weeks for behavioral health
15 conditions; and

16 (2) preventive health care services are available and
17 accessible from preferred providers:

18 (A) within two months for a child, or earlier if
19 necessary for compliance with recommendations for specific
20 preventive health care services; and

21 (B) within three months for an adult.

22 SECTION 7. Section [1301.0056](#), Insurance Code, is amended by
23 amending Subsection (a) and adding Subsections (a-1) and (e) to
24 read as follows:

25 (a) The commissioner shall by rule adopt a process for the
26 commissioner to examine a preferred provider benefit plan before an
27 insurer offers the plan for delivery to insureds to determine

1 whether the plan meets the quality of care and network adequacy
2 standards of this chapter. An insurer may not offer ~~[of a network~~
3 ~~used by]~~ a preferred provider benefit plan or an exclusive provider
4 benefit plan before ~~[offered by]~~ the commissioner determines that
5 the network meets the quality of care and network adequacy
6 standards of ~~[insurer under]~~ this chapter or the insurer receives a
7 waiver under Section 1301.0055.

8 (a-1) An insurer is subject to a qualifying examination of
9 the insurer's preferred provider benefit plans ~~[and exclusive~~
10 ~~provider benefit plans]~~ and subsequent quality of care and network
11 adequacy examinations by the commissioner at least once every three
12 years, in connection with a public hearing under Section 1301.00565
13 concerning a material deviation from network adequacy standards by
14 a previously authorized plan or a request for a waiver of a network
15 adequacy standard, and whenever the commissioner considers an
16 examination necessary. Documentation provided to the commissioner
17 during an examination conducted under this section is confidential
18 and is not subject to disclosure as public information under
19 Chapter 552, Government Code.

20 (e) Rules adopted under this section must require insurers
21 to provide access to or submit data or information necessary for the
22 commissioner to evaluate and make a determination of compliance
23 with quality of care and network adequacy standards. The rules must
24 require insurers to provide access to or submit data or information
25 that includes:

26 (1) a searchable and sortable database of network
27 physicians and health care providers by national provider

1 identifier, county, physician specialty, hospital privileges and
2 credentials, and type of health care provider or licensure, as
3 applicable;

4 (2) actuarial data of current and projected number of
5 insureds by county;

6 (3) actuarial data of current and projected
7 utilization of each preferred provider type listed in Section
8 1301.00553 and described by Section 1301.00554 by county; and

9 (4) any other data or information considered necessary
10 by the commissioner to make a determination to authorize the use of
11 the preferred provider benefit plan in the most efficient and
12 effective manner possible.

13 SECTION 8. Subchapter A, Chapter 1301, Insurance Code, is
14 amended by adding Sections 1301.00565 and 1301.00566 to read as
15 follows:

16 Sec. 1301.00565. PUBLIC HEARING ON NETWORK ADEQUACY
17 STANDARDS WAIVERS. (a) In this section, "good faith effort" means
18 honesty in fact, timely participation, observance of reasonable
19 commercial standards of fair dealing, and prioritizing patients'
20 access to in-network care.

21 (b) The commissioner shall set a public hearing for a
22 determination of whether there is good cause for a waiver when an
23 insurer:

24 (1) requests a waiver that does not satisfy Section
25 1301.0055(a)(6);

26 (2) requests a waiver that the commissioner does not
27 deny; and

1 (3) does not complete corrective action for a material
2 deviation reported under Section 1301.0055.

3 (c) The commissioner shall notify affected physicians and
4 health care providers that may be the subject of a discussion of
5 good faith efforts on behalf of the insurer to meet network adequacy
6 standards and provide the physicians and health care providers with
7 an opportunity to submit evidence, including written testimony, and
8 to attend the public hearing and offer testimony either in person or
9 virtually. An out-of-network physician or hospital, including a
10 physician group or health care system referenced in the insurer's
11 waiver request or notice of material deviation, may not be
12 identified by name at the hearing unless the physician or hospital
13 consents to the identification in advance of the hearing.

14 (d) At the hearing, the commissioner shall consider all
15 written and oral testimony and evidence submitted by the insurer
16 and the public pertinent to the requested waiver, including:

17 (1) the total number of physicians or health care
18 providers in each preferred provider type listed in Section
19 1301.00553 within the county and service area being submitted for
20 the waiver and whether the insurer made a good faith effort to
21 contract with those required preferred provider types to meet
22 network adequacy standards of this chapter;

23 (2) the total number of facilities, and availability
24 of pediatric, for-profit, nonprofit, tax-supported, and teaching
25 facilities, within the county and service area being submitted for
26 a waiver and whether the insurer made a good faith effort to
27 contract with these facilities and facility-based physicians and

1 health care providers to meet network adequacy standards of this
2 chapter;

3 (3) population, density, and geographical information
4 to determine the possibility of meeting travel time and distance
5 requirements within the county and service area being submitted for
6 a waiver; and

7 (4) availability of services, population, and density
8 within the county and service area being submitted for the waiver.

9 (e) The commissioner may not consider a prohibition on
10 balance billing in determining whether to grant a waiver from
11 network adequacy standards.

12 (f) The commissioner may not grant a waiver without a public
13 hearing.

14 (g) Except as provided by this subsection, any evidence
15 submitted to the commissioner as evidence for the public hearing
16 that is proprietary in nature is confidential and not subject to
17 disclosure as public information under Chapter 552, Government
18 Code. Information related to provider directories, credentials,
19 and privileges, estimates of patient populations, and actuarial
20 estimates of needed providers to meet the estimated patient
21 population is not protected under this subsection.

22 (h) A policyholder is entitled to seek judicial review of
23 the commissioner's decision to grant a waiver under this section in
24 a Travis County district court. Review by the district court under
25 this subsection is de novo.

26 Sec. 1301.00566. EFFECT OF NETWORK ADEQUACY STANDARDS
27 WAIVER ON BALANCE BILLING PROHIBITIONS. After a network adequacy

1 standards waiver is granted by the commissioner, an insurer may
2 refer to the provisions prohibiting balance billing under Sections
3 1301.0053, 1301.155, 1301.164, or 1301.165, as applicable, in an
4 access plan submitted to the department for the sole purpose of
5 explaining how the insurer will coordinate care to limit the
6 likelihood of a balance bill for services subject to those
7 provisions and not to justify a departure from network adequacy
8 standards.

9 SECTION 9. Section 1301.009(b), Insurance Code, is amended
10 to read as follows:

11 (b) The report shall:

12 (1) be verified by at least two principal officers;

13 (2) be in a form prescribed by the commissioner; and

14 (3) include:

15 (A) a financial statement of the insurer,
16 including its balance sheet and receipts and disbursements for the
17 preceding calendar year, certified by an independent public
18 accountant;

19 (B) the number of individuals enrolled during the
20 preceding calendar year, the number of enrollees as of the end of
21 that year, and the number of enrollments terminated during that
22 year; and

23 (C) a statement of:

24 (i) an evaluation of enrollee satisfaction;

25 (ii) an evaluation of quality of care;

26 (iii) coverage areas;

27 (iv) accreditation status;

- 1 (v) premium costs;
- 2 (vi) plan costs;
- 3 (vii) premium increases;
- 4 (viii) the range of benefits provided;
- 5 (ix) copayments and deductibles;
- 6 (x) the accuracy and speed of claims
- 7 payment by the insurer for the plan;
- 8 (xi) the credentials of physicians who are
- 9 preferred providers; ~~and~~
- 10 (xii) the number of preferred providers;
- 11 (xiii) any waiver requests made and waivers
- 12 of network adequacy standards granted under Section 1301.00565;
- 13 (xiv) any material deviation from network
- 14 adequacy standards reported to the department under Section
- 15 1301.0055; and
- 16 (xv) any corrective actions, sanctions, or
- 17 penalties assessed against the insurer by the department for
- 18 deficiencies related to the preferred provider benefit plan.

19 SECTION 10. Subchapter B, Chapter 1301, Insurance Code, is
20 amended by adding Section 1301.0642 to read as follows:

21 Sec. 1301.0642. CONTRACT PROVISIONS ALLOWING CERTAIN
22 ADVERSE MATERIAL CHANGES PROHIBITED. (a) In this section,
23 "adverse material change" means a change to a preferred provider
24 contract with a physician, health care practitioner, or
25 organization of physicians or health care practitioners that would
26 decrease the preferred provider's payment or compensation, change
27 the provider's tier to a less preferred tier, or change the

1 administrative procedures in a way that may reasonably be expected
2 to significantly increase the provider's administrative expenses
3 or decrease the provider's payment or compensation. The term does
4 not include:

5 (1) a decrease in payment or compensation resulting
6 solely from a change in a published governmental fee schedule on
7 which the payment or compensation is based if the applicability of
8 the schedule is clearly identified in the contract;

9 (2) a decrease in payment or compensation that was
10 anticipated under the terms of the contract, if the amount and date
11 of applicability of the decrease is clearly identified in the
12 contract;

13 (3) an administrative change that may significantly
14 increase the provider's administrative expense, the specific
15 applicability of which is clearly identified in the contract;

16 (4) a change that is required by federal or state law;

17 (5) a termination for cause; or

18 (6) a termination without cause at the end of the term
19 of the contract.

20 (b) An adverse material change to a preferred provider
21 contract may only be made during the term of the preferred provider
22 contract with the mutual agreement of the parties. A provision in a
23 preferred provider contract that allows the insurer to unilaterally
24 make an adverse material change during the term of the contract is
25 void and unenforceable.

26 (c) Any adverse material change to the preferred provider
27 contract may not go into effect until the 120th day after the date

1 the preferred provider affirmatively agrees to the adverse material
2 change in writing.

3 (d) A proposed amendment by an insurer seeking an adverse
4 material change to a preferred provider contract must include
5 notice that clearly and conspicuously states that a preferred
6 provider may choose to not agree to the amendment and that the
7 decision to not agree to the amendment may not affect:

8 (1) the terms of the provider's existing contract with
9 the insurer; or

10 (2) the provider's participation in other health plans
11 or products.

12 (e) A preferred provider's failure to agree to an adverse
13 material change to a preferred provider contract does not affect:

14 (1) the terms of the provider's existing contract with
15 the insurer; or

16 (2) the provider's participation in other health care
17 products or plans.

18 (f) An insurer's failure to include the notice described by
19 Subsection (d) with the proposed amendment makes an otherwise
20 agreed-to adverse material change void and unenforceable.

21 (g) This section does not apply to a preferred provider
22 contract:

23 (1) with an unspecified and indefinite duration;

24 (2) with no stated or automatic renewal period or
25 event; and

26 (3) that may only be terminated by notice from one
27 party to the other.

1 SECTION 11. (a) The changes in law made by this Act apply
2 only to an insurance policy that is delivered, issued for delivery,
3 or renewed on or after September 1, 2024. A policy delivered,
4 issued for delivery, or renewed before September 1, 2024, is
5 governed by the law as it existed immediately before the effective
6 date of this Act, and that law is continued in effect for that
7 purpose.

8 (b) Notwithstanding Subsection (a) of this section, maximum
9 appointment wait time standards prescribed by Sections
10 [1301.0055](#)(b) and [1301.00555](#), Insurance Code, as added by this Act,
11 apply only to an insurance policy that is delivered, issued for
12 delivery, or renewed on or after September 1, 2025.

13 (c) Section [1301.009](#)(b), Insurance Code, as amended by this
14 Act, applies only to a report submitted on or after October 1, 2024.
15 A report submitted before October 1, 2024, is governed by the law in
16 effect on the date the report was submitted, and that law is
17 continued in effect for that purpose.

18 (d) Section [1301.0642](#), Insurance Code, as added by this Act,
19 applies only to a contract entered into, amended, or renewed on or
20 after the effective date of this Act.

21 SECTION 12. This Act takes effect September 1, 2023.
