(c) The contract must:

(1) include terms relating to intellectual property rights consistent with the standards developed by the oversight committee under Section 102.256;

(2) require, in accordance with Subsection (d), the grant recipient to dedicate an amount of matching funds equal to one-half of the amount of the research grant awarded; ~~and~~

6 (4) require a grant recipient to certify in writing as  
7 a term of the contract that the recipient will not use grant money  
8 awarded under this chapter to procure or otherwise obtain from a  
9 hospital located in China an organ for organ transplantation or  
10 another purpose.

11 SECTION 3. (a) The changes in law made by this Act apply
