2028	(\$227,478)	(\$2,500)	(\$19,998)	3.0

Fiscal Analysis

The bill would require the Department of Family and Protective Services (DFPS) to provide information immediately when requested by the state or local juvenile justice department that is necessary to improve and maintain community safety or that assists the agency in the continuation of services for or providing services to certain multi-system youth.

Methodology

According to DFPS, the agency received 4,623 record requests from juvenile justice agencies in fiscal year 2022. This analysis assumes the need of 3.0 Records Analyst II Fulltime Equivalents (FTEs) to process requests within the new timeline. Previously the agency had 14.0 days to process requests. This analysis assumes 4,469 hours would be required to process approximately 4,623 record requests each fiscal year.

In addition, this analysis assumes the need of 3.0 contracted FTEs in fiscal year 2024 to modify the Information Management Protecting Adults and Children in Texas (IMPACT) system. Modifications would include updating forms to identify and prioritize requests and develop a new function that would redact sensitive information prior to the information being sent.

Technology

Included in estimated costs is \$548,174 in General Revenue Funds in fiscal year 2024 and \$55,640 in General Revenue Funds in fiscal year 2025 for system and IT modifications.

Local Government Impact

No fiscal implication to units of local government is anticipated.
