

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 88TH LEGISLATIVE REGULAR SESSION

April 11, 2023

TO: Honorable Will Metcalf, Chair, House Committee on House Administration

FROM: Jerry McGinty, Director, Legislative Budget Board

IN RE: SB640 by Schwertner (Relating to the maintenance of certain state buildings allocated for legislative use and their grounds.), **As Engrossed**

No significant fiscal implication to the State is anticipated.

The bill would amend the Government Code to transfer the building and grounds maintenance of the Sam Houston Building (SHB), the Robert E. Johnson Building (REJ) and attached chiller utility plant and parking facility known as Garage P, and the John H. Reagan Building (JHR) from the Texas Facilities Commission (TFC) to the State Preservation Board. The bill would specify that TFC would continue to maintain the central utility plant in the Sam Houston Building.

Currently, the TFC is responsible for the general building and grounds maintenance of the affected facilities. TFC estimates continued maintenance to be similar to expenditures in fiscal year 2022, which were \$294,271 related to SHB, \$686,395 related to REJ, and \$287,312 related to JHR, for a total amount of \$1,267,978 in fiscal year 2022.

This analysis assumes that any duties and responsibilities associated with implementing the provisions of the bill related to the transfer of SHB, REJ, and JHR to the State Preservation Board (SPB) could be accomplished by utilizing existing resources and that such resources would be transferred from TFC to SPB. It is also assumed TFC would continue the responsibility of paying utility costs, which are associated with the central utility plant in the SHB, from its appropriations.

Local Government Impact

No fiscal implication to units of local government is anticipated.
