I urge you to support HB 1428. Having a government issued state ID is critical to true freedom and productivity of Texans, and it is our duty to enable the acquisition of this.

If you want people to not return to jail, they need to have the tools to open a bank account, get a job, etc. They need ID for this and right upon discharge is the best time for best the person and our government resources and staff to efficiently achieve this.

Please support HB 1428
