My name is Allison Greer and I support HB 2059 by Rep. Price. This bill would increase the availability of mental health first aid training and allow more people to participate. MHFA is an important tool to help educate Texans about mental illness. We urge support of HB 2059. Thank you for your time and service.

Please pass this bill. We need training in mental health first aid for all our First Responders. We have many young people expressing their anger and frustration thru violence. Many of them are bullying victims.

There needs to be a stronger focus on mental health to recognize and treat those affected.
