What exactly does this bill commemorate and what exactly qualifies one to be a hero? This bill is a bad idea!!

I feel that it is important to remember the health care workers and others who risked their lives (and sometimes lost their lives) to protect us from the COVID pandemic. I am hopeful that this designation will remind people that COVID is a serious deadly disease and that preventative care in the form of vaccines and masks can reduce the spread and reduce the effects. Please vote for this bill.
