Oppose HB 2291. More guns do not make us safer. If they did, we would be the safest state in the country.

I do not understand the actual need for this bill/law but it should be passed into law (common sense for me). I support this bill into law. Thank you!

I oppose this bill. Retired judges have no particular law enforcement training or mandate; they should not have any special rights beyond the rights of any LTC holder. More people carrying more guns in sensitive places doesn't make us safer. If it did, guns wouldn't be the leading cause of death for children and teens.
