Dear Chairman Leach and other Distinguished Members of the Judiciary & Civil Jurisprudence Committee,

I enthusiastically support HB 2384. This initiative shows strong potential to improve the administration of justice. By creating a more robust and uniform standard for judicial training and education -- as well as greater voter knowledge on the judiciary -- HB 2384 will benefit courts, litigants, and all Texans. We in this State are entitled to the highest level of skill and competence from our judges at the trial and appellate levels, and HB 2384 serves that end.

The reasonable requirements in this bill will help assure a more robust and uniform training and education standard, resulting in the improved competency of our judiciary. This will benefit all judicial participants and Texans in general.

I favor this bill as a significant step toward improving the professionalism of the judiciary and enhancing public information about judges and judicial candidates.
