These bill removing rights of the people and rights of the city WHICH WE BUILT is leading to less control of our lives and freedoms. Most I know are opposed to senseless Green Energy Bills when we know free energy is available to all through solar. Solar is being promoted at a cost of 4X the real cost why doesn't the state support that? We also know at one point steam energy for cars was leading us towards pure and clean transmissions. This idea of dense packing the cities, STACK AND PACK, will lead to cities support structures being overstressed and diminish our lives with gridlock traffic and extra emissions. Our Leaders are speaking out of both sides of their mouths shouting GREEN ENERGY and CLEAN ENERGY when outside interests dump fluoride in our water with the lame lie it is good for us. WE WANT NOT PART OF AGENDA 2021 OR AGENDA 2030 or the ONE WORLD GOVERNMENT that our City and State Leaders are being incentivized to promote.

Paul Hamilton

Texas beaches need to stay open for everyone. Beachfront property owners should not be able to own or restrict public access to the beach. The Texas Open Beaches Act should stay as it is and not changed to suit beachfront property owners. They know when they buy the property they don't own the beach.

Joan Schreck
self / self
Houston, TX

Beach access is for everyone, not the few.
