to read as follows:

(a) An executive order or proclamation declaring a state of
disaster:

(1) activates the disaster recovery and
rehabilitation aspects of the state emergency management plan
applicable to the area subject to the declaration; ~~and~~

(2) authorizes the deployment and use of any forces to
which the plan applies and the use or distribution of any supplies,
equipment, and materials or facilities assembled, stockpiled, or
arranged to be made available under this chapter or other law
relating to disasters; and

(3) activates for the area subject to the declaration
the disaster identification system described by Section 418.0151.

SECTION 3. Subchapter B, Chapter 418, Government Code, is

amended by adding Section 418.0151 to read as follows:

Sec. 418.0151. DISASTER IDENTIFICATION SYSTEM. (a) In an area subject to a state of disaster declaration, a person may elect to participate in the disaster identification system activated for the area. The system must authorize the use of an illuminated display to communicate with disaster relief personnel.

(b) A person participating in the disaster identification system shall:

(1) affix to each individual and domesticated animal in the person's household an illuminated display of the following colors:

(A) for a monochromatic illuminated display, white for each individual and animal; or

(B) for a multicolored illuminated display:

(i) blue for each individual 18 years of age or older;

(ii) green for each individual with a disability;

(iii) red for each individual younger than 18 years of age; and

(iv) yellow for each animal; and

(2) signal to disaster relief personnel responding to the area after the disaster with:

(A) a continuous light on the illuminated display of each individual in the household who does not need medical assistance; or

(B) a flashing light on the display of each

individual in the household who needs medical assistance.

(c) Disaster relief personnel may patrol the designated disaster area by air or ground at night to locate individuals or animals with activated illuminated displays.

SECTION 4. Section 418.042(a), Government Code, is amended to read as follows:

(a) The division shall prepare and keep current a comprehensive state emergency management plan. The plan may include:

(1) provisions for prevention and minimization of injury and damage caused by disaster;

(2) provisions for prompt and effective response to disaster;

(3) provisions for emergency relief;

(4) provisions for energy emergencies;

(5) identification of areas particularly vulnerable to disasters;

(6) recommendations for zoning, building restrictions, and other land-use controls, safety measures for securing mobile homes or other nonpermanent or semipermanent structures, and other preventive and preparedness measures designed to eliminate or reduce disasters or their impact;

(7) provisions for assistance to local officials in designing local emergency management plans;

(8) authorization and procedures for the erection or other construction of temporary works designed to protect against or mitigate danger, damage, or loss from flood, fire, or other

1 disaster;

2 (9) preparation and distribution to the appropriate
3 state and local officials of state catalogs of federal, state, and
4 private assistance programs;

5 (10) organization of manpower and channels of
6 assistance;

7 (11) coordination of federal, state, and local
8 emergency management activities;

9 (12) coordination of the state emergency management
10 plan with the emergency management plans of the federal government;

11 (13) coordination of federal and state energy
12 emergency plans;

13 (14) provisions for providing information to local
14 officials on activation of the Emergency Alert System established
15 under 47 C.F.R. Part 11;

16 (15) a database of public facilities that may be used
17 under Section 418.017 to shelter individuals during a disaster,
18 including air-conditioned facilities for shelter during an extreme
19 heat disaster and fortified structures for shelter during a wind
20 disaster;

21 (16) provisions for quickly replenishing the food
22 supplies of area food banks or food pantries following a disaster;

23 (17) provisions for protecting public health;

24 (18) provisions for the use of the disaster
25 identification system described by Section 418.0151; and

26 (19) [~~(18)~~] other necessary matters relating to
27 disasters.
