

Amend HB 2898 (house committee printing) as follows:

(1) On page 1, strike lines 12-22 and substitute the following:

(a) In this section:

(1) "Meteorological~~[,—"meteorological]~~ evaluation tower" means a structure that:

(A) [~~(1)~~] is self-standing or supported by guy wires and anchors;

(B) [~~(2)~~] is not more than 12 [~~six~~] feet in diameter at the base of the structure; and

(C) [~~(3)~~] has accessory facilities on which an antenna, sensor, camera, meteorological instrument, or other equipment is mounted for the purpose of documenting whether a site has sufficient wind resources for the operation of a wind turbine generator.

(2) "Military aviation training facility" means a base, station, fort, or camp at which any branch of the United States armed forces regularly conducts aviation training.

(2) On page 3, strike lines 1-8 and substitute the following:

(1) each federally owned or operated radar installation or military aviation training facility in this state whose boundaries are within 50 nautical miles of the tower;

(2) the county judge of each county in this state that contains a radar installation or military aviation training facility described by Subdivision (1); and

(3) the county judge of each county in this state within 25 miles of a radar installation or military aviation training facility described by Subdivision (1).
