### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Last session under H.B. 1605 the legislature directed the State Board of Education (SBOE) to preform an instructional material review and approval (IMRA). Under the IMRA, SBOE will verify that the instructional materials both satisfy the requirements in the Texas Essential Knowledge and Skills (TEKS) and applicable English Language Proficiency Standards (ELPS). The materials reviewed are then added to one of two lists maintained by SBOE—the "Approved" list and the "Rejected" list. Currently, there is no provision prohibiting the adoption or use of materials in public schools which were placed on the rejected list.

Allowing SBOE to ensure that materials used by districts comply with the TEKS and ELPS ensures that the instructional materials used in Texas public schools have the rigor to teach students effectively.

H.B. 100 amends current law relating to the purchase, adoption, and use of instructional materials by public schools.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
