AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The bill author has informed the committee that a local provider participation fund is a fund established in which hospitals in a defined area pool resources to provide indigent care, activating a provision of federal law which draws down federal funds. In 2019, H.B. 4289 provided for many local governmental entities not currently operating a local provider participation fund to do so, and the Texas Hospital Association reports that there are currently 32 local jurisdictions authorized to operate such funds under state law. The Collin County Commissioners Court established a local provider participation fund in December 2023 that will expire on September 1, 2025, following the second anniversary of its authorization, unless continued by the legislature. H.B. 3305 seeks to continue the Collin County local provider participation fund by providing for the creation and operations of a health care provider participation program.

H.B. 3305 amends current law relating to the creation and operations of a health care provider participation program in certain counties.

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
