### **ANALYSIS**

H.B. 5674 amends the Special District Local Laws Code to create the River Ranch Municipal Utility District No. 1, subject to applicable municipal consent and voter approval at a confirmation election. The bill, among other provisions, grants the district the power to undertake certain road projects and provides for the district's division. The bill authorizes the district, subject to certain requirements, to issue obligations and impose property, operation and maintenance, and contract taxes. The bill does the following:

- expressly prohibits the district from exercising the power of eminent domain if the bill does not receive a two-thirds vote of all the members elected to each house; and
- establishes that the bill's provisions relating to this vote are not intended to be an expression of a legislative interpretation of the requirements of Section 17(c), Article I, Texas Constitution.

H.B. 5674 establishes that all applicable requirements relating to the following have been fulfilled and accomplished with respect to the bill:

- the legal notice of intention to introduce;
- governor action;
- Texas Commission on Environmental Quality recommendations; and
- the state constitution and laws and legislative rules and procedures.
