### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

There are concerns that many of the foods purchased through the state's SNAP program lack nutritional value and that this is contributing to the state's obesity epidemic. With a few exceptions, current statute and rules allow SNAP benefits to be used to purchase nearly any food item. S.B. 379 seeks to address the issue by preventing SNAP benefits from being used to purchase food and drinks that provide little-to-no nutritional value. The bill enumerates goods that are ineligible for purchase with SNAP benefits.

S.B. 379 amends current law relating to prohibiting the purchase of sweetened drinks and candy under the supplemental nutrition assistance program.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
