AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

In 2019, we passed S.B. 1370 to address delays in payment for outside legal counsel invoices. The law extended the review period for invoices from 30 to 45 days to accommodate the complexity of these invoices. However, challenges remain in the approval process for contracts for outside legal services, particularly regarding the timeline for the attorney general's review.

State agencies rely on outside counsel for specialized legal services, and delays in contract approvals hinder timely legal work. S.B. 992 aims to improve the approval process for outside counsel contracts by ensuring a more efficient timeline and clearer communication when contracts are denied.

Specifically, S.B. 992 would require the attorney general to approve or deny contracts for outside legal services no later than 25 days after the contract is submitted by the requesting state agency. This shorter, more predictable timeline will eliminate ambiguity and ensure that agencies can move forward with essential legal work in a timely manner. Further, if the attorney general denies a contract for outside legal services, S.B. 992 requires the attorney general to provide a written explanation for the denial. This provision will provide transparency and clarity to the submitting agency, allowing them to address any concerns or issues raised by the attorney general and work toward resolution.

S.B. 992 amends current law relating to the procedure by which the attorney general approves or denies approval of a state agency contract for outside legal services.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
