AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Manufactured homes are no longer only mobile homes or traditional, double-wide trailers. The manufactured home industry has grown and innovated to building homes that closely look like a traditionally built home; however, they are still prefabricated off site and conjoined at the build site. Unfortunately, current statute does not reflect manufactured housing modernization and expansion.

S.B. 1341 seeks to update current statute to reflect innovations in the manufactured housing industry and make adjustments recognizing other changes in technology and processes.

S.B. 1341 amends current law relating to the regulation of manufactured homes.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
