### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Requirements for certain orders and judgments rendered in suits affecting the parent-child relationship (SAPCR) need to be amended to provide statutory clarity and a modern solution to common issues that arise under current laws.

S.B. 1404 proposes to authorize a court to require a party to provide an email address in a final SAPCR order when nondisclosure of all other contact information has been ordered. Courts, clerks, and litigants have expressed procedural challenges that arise when nondisclosure of a party's contact information is ordered. Specifically, courts, clerks, and litigants may be unable to provide the required notices for subsequent legal documents and legal filings due to the lack of contact information. S.B. 1404 proposes a modern technological solution that balances the safety of parties needing nondisclosure protections with post-judgment due process considerations.

This legislation also seeks to clarify any ambiguity regarding the requirement to render separate judgments for separate obligations in a SAPCR order. Specifically, attorney's fee judgments are often inappropriately commingled with child support judgments. This results in accounting issues in child support cases and potential noncompliance with state and federal laws governing the proper application and disbursement of child support payments. Current law explicitly requires separate judgments for child support, medical support, and dental support obligations to ensure support obligations are clear and support payments apply in the proper priority. S.B. 1404 would clarify that this separate judgment requirement also extends to attorney's fee judgments in SAPCR cases.

This bill does not expressly create a criminal offense, increase the punishment for an existing criminal offense or category of offenses, or change the eligibility of a person for community supervision, parole, or mandatory supervision.

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.

S.B. 1404 revises requirements for certain orders and judgments rendered in a SAPCR.

S.B. 1404 amends the Family Code requirements for contact information that must be included in a final order when a nondisclosure order has been granted. The provision would authorize the court to require a party to include an email address in the final order when nondisclosure of other contact information has been ordered. The email address would then be available for inclusion in the state's electronic filing system for notice of subsequent legal documents in the case.

S.B. 1404 clarifies that in a subsequent SAPCR modification action, due process requirements for notice and service of process on a party may be satisfied by delivery of written notice to a party's most recent residence address, employment address, or e-mail address on file with the court and the state case registry. This is the same manner that already is statutorily authorized for delivery of notice and service of process in a subsequent non-contempt enforcement action.

S.B. 1404 authorizes the clerk to send legal documents to the party's e-mail address included in the final order using the state's electronic filing system.

S.B. 1404 requires a court in a SAPCR to render any attorney's fees judgments separately from any ordered child support, medical support, or dental support judgments.

As proposed, S.B. 1404 amends current law relating to requirements for certain orders and judgments rendered in a suit affecting the parent-child relationship.

### **RULEMAKING AUTHORITY**
