### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

S.B. 1434 codifies an attorney general's opinion request from 2018 and bans the use of public funds to transport district students or employees to or from a building or location selected as a polling place under the Election Code on the day of an election or while early voting is in progress. However, this would not apply to the transportation of students to or from their campus that they regularly attend or a school-sponsored activity.

As proposed, S.B. 1434 amends current law relating to a prohibition on the use of public money by a school district to transport district students or employees to or from a polling place.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
