### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

In 2022, the State Board of Education considered replacing the traditional "BC" and "AD" date designations with "BCE" and "CE" but ultimately delayed major curriculum changes until 2025. Without clear statutory guidance, local districts could still adopt materials that move away from traditional terms. S.B. 2617 ensures consistency by requiring all school districts and open-enrollment charters to adopt a policy using "Anno Domini (AD)" and "Before Christ (BC)" in instruction and materials. Acting now preserves long-standing historical terminology for Texas students.

As proposed, S.B. 2617 amends current law relating to a policy adopted by a school district or open-enrollment charter school regarding the expression of dates.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
