AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Currently, the Texas Department of Criminal Justice (TDCJ) identifies veterans at the point of incarceration through the Veterans Affairs Veteran's Reentry Search Service (VRSS). Once a veteran in TDCJ has been identified, they are provided with a Texas Veterans Commission (TVC) brochure and literature about services available to TDCJ-involved veterans while they are incarcerated and for re-entry. These are just one of the many strategies Texas' criminal justice agencies use to support justice-involved veterans. However, there are still gaps in how Texas identifies its veterans, ensures they are connected to resources, and receive assistance in obtaining those resources at no cost.

S.B. 2938 bolsters the existing support that veteran inmates in county jails and TDCJ already receive by:

- Requiring the officer transferring an inmate to TDCJ to be given documentation on the veteran status of the defendant;
- Providing identified veteran inmates with assistance in applying for federal benefits, including mailing necessary documents for those benefits – at no charge to the inmate;
- Requiring county sheriffs to investigate and verify the veteran status of each prisoner during intake and provide them with verification of their veteran status with a prepaid postcard provided by the TVC so the prisoner can request assistance in applying for their benefits;
- Requiring county sheriffs to submit daily reports identifying each veteran prisoner to the TVC, the veterans county service officer for the county and court the prisoner was involved with prior to their incarceration; and
- Allow veteran inmates in county jails to have free in-person or video visitation with either a veterans county service officer or peer service coordinator.

S.B. 2938 amends current law relating to the verification of the veteran status of inmates and prisoners.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
