Committee Report (Substituted)

AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

On January 20, 2025, President Donald Trump signed an executive order officially renaming the Gulf of Mexico to the Gulf of America, declaring the region "an integral asset to our once burgeoning Nation and an indelible part of America." In response, S.J.R. 63 seeks to align the Texas Constitution with this federal directive by updating all references to the "Gulf of Mexico" to now read the "Gulf of America."

This resolution ensures Texas law reflects the new federal terminology and reinforces the state's recognition of the region's national importance. By adopting consistent language throughout the Texas Constitution, S.J.R. 63 supports state-federal alignment.

(Original Author's/Sponsor's Statement of Intent)

C.S.S.J.R. 63 proposes a constitutional amendment regarding the terminology used in the Texas Constitution to refer to the partially landlocked body of water on the southeastern periphery of the North American continent.
