9 Explanation: The change is necessary to allow the Health and
10 Human Services Commission to select a consortium established under
11 added Chapter 491, Health and Safety Code, for the purpose of
12 conducting drug development clinical trials under that chapter, to
13 require the commission to enter into an interagency contract with

11 incrementally based on the completion of clearly defined objectives
12 as negotiated in the contract described by Section 491.055,
13 including verifiable documentation demonstrating the efficient

15 Explanation: The change is necessary to clarify that matching
16 funds provided by a consortium established under added Chapter 491,

22 the purpose of implementing this section.

23 Explanation: The change is necessary to establish reporting
24 requirements for a consortium established under added Chapter 491,
25 Health and Safety Code, and to clarify the allocation of revenues
26 attributable to certain property rights under that chapter.

27 (17) House Rule 13, Section 9(a)(4), is suspended to permit
