Fiscal Analysis

The bill would reallocate Higher Education Fund (HEF) appropriations between eligible recipient institutions and increase the annual constitutional allocation for the HEF from \$393,750,000 each fiscal year to \$787,500,000 each fiscal year beginning in fiscal year 2026.

If the constitutional amendment proposed by the 89th Legislature, Regular Session, 2025, relating to a permanent fund to support the capital needs of educational programs offered by the Texas State Technical College (TSTC) System is approved by the voters, the bill would remove eligibility for HEF funding for the

TSTC System and its campuses and reallocate HEF appropriations between recipient institutions beginning in fiscal year 2027.

Methodology

The current annual appropriation level for the HEF is \$393,750,000. The bill would increase the annual allocation to \$787,500,000, which would result in an annual cost of \$393,750,000 from the General Revenue Fund beginning in fiscal year 2026.

Local Government Impact

No fiscal implication to units of local government is anticipated.
