**Fiscal Analysis**

The bill would create an Early Childhood Interagency Work Group, consisting of multiple state entities identified by the bill, that would develop an Early Childhood Integrated Data System (ECIDS). The bill would name the Texas Education Agency (TEA) as the lead agency.

The bill would require an initial and subsequent annual reports to inform policy related to the state's early childhood goals and priorities.

## **Methodology**

TEA assumes an initial cost of \$62,500 in fiscal year 2026 and a subsequent annual cost of \$125,000 for reporting requirements.

The analysis assumes that TEA would require an additional 5.0 FTEs to implement provisions of the bill at a cost of \$0.6 million annually.

The analysis assumes that the Health and Human Services Commission (HHSC) could implement provisions of this bill within existing agency resources.

## **Technology**

TEA assumes IT costs to implement the provisions of the bill would total \$1.8 million for the 2026-27 biennium and \$0.1 million in subsequent years.

## **Local Government Impact**

No fiscal implication to units of local government is anticipated.
