**Fiscal Analysis**

The bill would add a municipality that is located in a county with a population of 600,000 or more that is adjacent to the county that contains the State Capitol and has a population of more than 16,000 but less than 27,000, to the list of municipalities that are entitled to receive certain tax revenue derived from a hotel and convention center project and to pledge certain revenue for the payment of obligations related to the project.

**Methodology**

The bill's provisions would affect the city of Taylor.

Taylor would be entitled to receive from the qualified hotel and each restaurant, bar, and retail establishment located in or connected to the hotel or the related qualified convention center facility, the state sales and use tax and the state hotel occupancy tax. Taylor would be entitled to receive the revenue until the tenth anniversary of the date the qualified hotel to which the entitlement relates is open for initial occupancy.

The city of Taylor has plans for a qualified hotel and could avail itself of the tax rebates under section 351.156 of the Tax Code should eligibility be acquired through this legislation. The estimate is based on a projected opening date of January 1, 2028, or state fiscal year 2028, a comparison and review of revenues paid to the owners of extant qualified hotel projects, and estimated attributes of such prospective hotel.

### **Local Government Impact**
