Fiscal Analysis

The bill would require a school district each month to post on the district's Internet website and to submit to the Texas Education Agency (TEA) a report regarding each ongoing legal proceeding relating to complaints against a school district alleging a violation of federal or state special education laws for which the district's legal fees exceed \$10,000. The report would be required to include certain information on the legal proceeding and legal fees and to meet certain confidentiality requirements.

The bill would require TEA each month to compile and post on TEA's Internet website the information reported to the agency relating to district legal fees exceeding the limit for the preceding month.

Methodology

TEA estimates IT costs to implement the provisions of the bill would be \$0.3 million in fiscal year 2026, \$0.7 million in fiscal year 2027, and \$0.1 million in subsequent years.

Local Government Impact

Districts would incur costs relating to the requirement to report certain legal fees and related information to TEA, and to post the information on the district's Internet website.
