I oppose this bill to provide the mechanism for a huge new expenditure of general revenue. Shrink government spending and return funds to the taxpayers, not expand spending by hundreds of millions each year!!!!

Thank you keeping our schools safe. If the schools need to hire SO, they need the funds to do so. Please increase the allotment so we don't have to pull from funds set aside for school funding. Texas needs to support public schools and approve additional funding in all areas

I am AGAINST HB 124. While the caption sounds great, I do not see anything in the bill that would actually help schools and children proficiency in academic subjects.

Our schools need to double the amount of funding allocated to school safety. Please help us keep our kids and our staff safe. Thank you for considering.
