Houston, TX

Water is a precious resources.Drought is something we know well in Texas. Watering restrictions issued by local authorities to preserve this resource should take priority over HOA demands for lush green lawns. Dining homeowners for heading watering restrictions because their lawn is suffering in a drought is counterproductive and wasteful. I fully support HB517

Laura Klein Plunkett
Self-retired
Georgetown, TX

I am in favor of this common sense bill. Homeowners should not be penalized by HOAs for following water conservation regulations imposed by municipalities, counties and other governing entities.

Kathh Ponce

Maypearl, TX

I support this bill. If water restrictions are put into place. There should be absolutely no fine assessed to the homeowner

Rediculous waste of time. During drought, there WILL BE discoloration of vegetation. Get busy!
