I fully support thos bill. HB1522 would require 3 BUSINESS days to post school board agenda vs 72hr. Our district - Lovejoy ISD - often waits to posts board agendas until Friday @ 5pm in prep for a Monday night board meeting expecting board members & public to read the budget over the weekend and even then doesn't share the full board packet/presentations. I cannot imagine anyone NOT supporting this.

Totally support HB 1522. Most bills are submitted late on Friday with little time to thoroughly read and investigate the bill.

Please approve this bill out of committee. This will allow for greater transparency and the ability to be prepared to address issues with taxing entities like city councils. Thank you for your consideration.

I am in full support of HB 1522 by Gerdes. Being a council member of a small municipality it is often difficult to review and study an agenda and documents in basically only 2 days. We typically receive our information on late Friday afternoon for a Monday meeting. Most members of a small municipality have full time jobs and busy schedules. If there are Ordinances, Resolutions or new items, it does not allow enough time to fully review and research if necessary. This often results in a delay or postponement of making a decision of an Agenda item. Going from a 72 hour requirement to 3 business days would give us additional time to efficiently prepare for our council meetings. Thank you, Laurie Montanez
